Principal's page

Dear Students, Parents, and Teachers,

As we stepped into the vibrant month of June, I warmly welcome each of you back to a new and exciting academic session.

With refreshed minds and rejuvenated spirits after the summer break, it's time to jumpstart our journey with enthusiasm, commitment, and positivity.

June marks not just the beginning of a new term but also a golden opportunity to set fresh goals, adopt healthy routines, and embrace joyful learning.

I hope this month has been about being curious in the classroom, kind in the corridors, and courageous in your efforts.

I am grateful to God for all the blessings, thankful to teachers and parents in guiding, mentoring and monitoring Gr 10 students (2024-25 batch) for the 100% CBSE results. Special thanks to our Chairman Sir for providing us with all facilities.

Our results showcase our mutual efforts paving way to students' success stories. Scroll through the pages for the results.

To our dear parents, thank you for your unwavering support. To the teachers, your dedication shapes futures. And to our students — dream big, stay disciplined, and most importantly, enjoy the journey ahead.

Let's make the coming July truly jubilant and juvenescent!

Warm Regards
Ms Nalini Dadi

MY EXPERIENCE AT THE INDIAN INSTITUTE OF TECHNOLOGY KANPUR(IIT-K)

Imagine studying at a lush green campus, encircled by forests and swift wind, accompanied with the rhythmic chirping of beautiful and colourful birds, and surrounded by wildlife you probably never would have seen before. That is exactly what the Indian Institute Of Technology Kanpur(IIT-K) looks like. Encompassing facilities ranging from advanced and modern-looking laboratories and classrooms to swimming pools, basketball courts and an airplane hangar, this campus has it all. It was a privilege for me to get to visit the institute as part of the Vidyarthi Vigyan Manthan National Level Camp 24-25.

Upon arriving at IIT Kanpur, we were welcomed by a plethora of distinctive arrays of wide-ranging species such as moose deers, peacocks, wild cats and more. We arrived at the registration counter situated in the boys hostel of IIT Kanpur where we recieved a comprehensive registration kit, which included a student ID, a bag, a notebook, all necessary stationery for the exam, and a detailed itinerary of the two-day national camp.

On the first day, we were offered a complete and scrumptious breakfast meal at hostel mess, after which, we were taken to the main auditorium, where we were made familiar with the rules of the exam. With over 483 state level toppers from 38 state level camps from all across India and the Middle East, I felt honoured to be one among these 483 students. We were then taken to the Mechanical Engineering Block of IIT Kanpur, where a 4-hour evaluation session was conducted for the students, which included different sections and activities measuring students in every aspect, both creative and academic. Meanwhile, parents were provided with informative sessions on Indian Knowledge Systems, Artificial Intelligence and Quantum Computing.

The second and final day of the two-day national camp comprised of another 4-hour evaluation session, though this time, live experiments. We got to visit and explore the labs at IIT Kanpur, such as the Mechanical Behavior Lab, the General Chemistry Lab, etc. Experiments were conducted on topics related to subjects like Physics, Chemistry, Biology and Mathematics. As the day was about to come to end, along with the National Camp, the time had come, for the winners to be announced in a grand closing and valedictory ceremony. Nerves were high, and breath was held, and right then, the moment came when my name was announced, as the first rank winner in the South Zone. What an experience it was, to be awarded straight from the hands of the Director of IIT Kanpur and the Secretary of the Dept. of Science and Technology!

Vidyarthi Vigyan Manthan(VVM) is a wonderful opportunity, which every student from class 6 to 10 should definitely avail. It tests a student through ten different aspects, and unlike any other examination, also includes evaluation based on practical application of science in the form of live experiments and problems of science and mathematics based on day-to-day real life application. I would certainly urge and motivate every student studying from grade 6 to 10 to be a part of this event. Thank you!

My Experience at Yashoda Hospitals Young Doctors Camp

My experience at the Yashoda Hospitals Young Doctors Camp was certainly inspiring. I remember feeling excitement and curiosity even before arriving at the camp venue. The camp gave us a unique opportunity to explore the lives of the healthcare workers and understand their professions better.

We got introductory lectures on emergency medicine, radiology, pathology, surgery, and pediatrics. Talking to “real” doctors and “real” patients made me develop a lot of respect for their work when I saw how they diagnosed and treated patients. I enjoyed learning various skills such as placing a stethoscope and simple life saving measures like CPR.

Some of the most memorable moments for me were in the operation theater simulation where we studied surgical procedures as well as scrubbed in for a team exercise to understand the need for cleanliness and cooperation in such situations. They were very interactive; the staff was very nice, friendly, and helpful and patiently addressed all of our questions.

Such opportunities have a way of making one want to pursue a career in medicine, but for me, I realized the importance of empathy, discipline, and the need to learn throughout your life.

A Review of the Enlightening Two-Day Session

It was an absolute privilege to attend the two-day interactive and inspiring session led by Mr. Karan Arora, a true mathematics enthusiast and exceptional educator.

His deep passion for mathematics and unwavering commitment to student-centric teaching were evident throughout the session.

Key Highlights and Strategies Introduced:

Activity-Based Experiential Learning.

Art Integration with Local Context.

Conceptual Understanding Over Procedures.

Project-Based Interdisciplinary Learning.

Inquiry-Based Learning (IBL).

Emphasis on Mathematical Communication.

Additionally, the session provided a clear and relevant understanding of Intended Learning Outcomes (ILOs), further aligning our teaching goals with modern educational expectations.

The session was not just informative, it was truly transformative. We are sincerely grateful to the school management for organizing such a meaningful and impactful professional development experience.

This learning will stay with us for a lifetime, and we are excited to implement and share its outcomes in our classrooms soon. Thank you.

June 21st ప్రపంచ సంగీత దినోత్సవం

సంగీతం ఒక కళ. దీనిని మనసారా ఆస్వాదించని వారు ఎవరూ ఉండరు. సంగీతానికి రాళ్లు కూడా కరుగుతాయి అంటారు కదా.

అంటే ఎంతటి కఠినాత్ములైనా సరే సంగీతానికి తన్మయత్వం చెందవలసినదే. కేవలం మనుషులకి మాత్రమే పరిమితం కాదు. జంతువులు, చెట్లు చేమలు అన్నీ కూడా ఈ సంగీతానికి దాసోహమే. ఏటువంటి హంగులు ఆర్పాటాలు లేకపోయినా కూడా ఎంతో విజయవంతంగా కార్యక్రమాలను నిర్వహించగలిగేది ఒక్క సంగీతం మాత్రమే అనడంలో అతీశయోక్తి లేదు. నించునైనా, కూర్చునైనా, ఎక్కడ ఉన్నా, ఎలా ఉన్నా ...చక్కగా పాడగలిగేది సంగీతం మాత్రమే. ఆస్వాదించే హృదయం ఉండాలే గాని సంగీతానికి భాషతో సంబంధం లేదు.

అందుకే జానపదులు సైతం సంగీతంతో ఎన్నో పురాణాలను, ఇతిహాసాలను తెలుసుకుంటున్నారు. చాలా జానపద కథలను ముందు తరాల వారికి పాటల రూపంలో తెలియజేశారు. అంతేకాక భగవంతునికి దగ్గర అవ్వాలంటే నవవిధ భక్తుల్లో సంగీతానిది అగ్రస్థానమే.

ఇంకా చెప్పాలంటే మన స్వాతంత్ర్యం కోసం జరిగిన పోరాటం దగ్గర నుండి తెలంగాణ సాయుధ పోరాటం, ఇటీవల జరిగిన యుద్ధాల వరకు కూడా రక్తం ఉప్పొంగేలా రెచ్చగొట్టిన వాటిలో సంగీతం ఒకటి. పసిపిల్లలకి జోలహాడాలన్నా, ఎట్టిటి వ్యక్తిని మన దారిలోకి తెచ్చుకోవడానికి జో కొట్టాలన్నా, దేశ పౌరులను ఉద్యమానికి పురికొల్పాలన్నా, యువత రక్తాన్ని వేడెక్కించాలన్న సంగీతమే ప్రధానం.

నేను పాడలేను నా గొంతు బాగోదు అని కాకుండా "అనగననగ రాగమతిశ యిల్లుచునుండు" అని వేమన గారు చెప్పినట్లు ప్రయత్నించండి ఏమో ఎంతమంది కోకిలలు ఉన్నారో? కేవలం సంగీతాన్ని మాత్రమే వృత్తిగా చేసుకుని గొప్ప ఖ్యాతిని గడించిన, గడిస్తున్న వాళ్ళు కోకొల్లలు ఉన్నారు. సంగీతాన్ని వినండి, వినీపించండి. ఆరోగ్యంగా, ఆనందంగా ఉండండి.

మీకందరికీ ప్రపంచ సంగీత దినోత్సవ శుభాకాంక్షలు.

Mogra/Malli magic

Mogra—also known as Arabian jasmine or *Jasminum sambac*—is a beautiful, fragrant white flower cherished across India and Asia. Here's a detailed overview:

🌸 Botanical Profile & Cultural Significance

Mogra is a small, evergreen shrub with double-petaled white blossoms, prized for its intense, sweet fragrance .

It plays a central role in rituals, weddings, and festivals—garlands of mogra symbolize purity and devotion, especially in southern India .

Aromatic & Medicinal Uses

Mogra's essential oil and attar are staples in perfumery, offering rich floral notes and stress-reducing benefits .

Often used in aromatherapy to calm nerves, reduce anxiety, and refresh mood .

Its scent also acts as a natural insect repellent, declared effective against mosquitoes .

Health & Wellness Benefits

Mogra offers a range of therapeutic properties backed by traditional and modern usage:

💧 For Skin & Beauty

Antiseptic, anti-inflammatory, and antifungal qualities make it great for wound healing and soothing irritated skin .

Moisturizes dry skin, improves elasticity, and supports collagen production—effective in anti-aging regimens .

Helps reduce scars, blemishes, acne, and balances oily to combination skin .

> “Contains natural antiseptic components... stop the formation and growth of bacteria and fungi.”

🧘♀️ For Stress & Overall Health

Aromatic benefits extend to lowering blood pressure, alleviating anxiety, and promoting sleep .

Tea made from mogra may support blood sugar regulation and ease respiratory or muscular discomfort .
