## Principal's Message

*July has been a month of dedication, determination, and delightful achievements.*

With the successful completion of our syllabus and focused revision, our students confidently appeared for Periodic Assessment–1, conducted from 13th to 18th July. Their sincere preparation and positive attitude were truly commendable. Learning, however, goes far beyond examinations.

The competitions held on 24th July brought out the creativity, confidence, and hidden talents of our students, reminding us that every child shines in a unique way.

Our morning assemblies continue to inspire young minds through meaningful presentations, values, and leadership opportunities.

It has also been immensely encouraging to witness noticeable improvements in our students' discipline, responsibility, communication, and overall behaviour.

These small yet significant changes reflect the strong partnership between our teachers, parents, and students.

As we move forward, let us continue to nurture curious minds, kind hearts, and confident learners.

Every day at Genesis Ignis is another opportunity to learn, grow,
and create beautiful memories together.

With best wishes,
Ms. Siram Sridevi
Principal

## The Art of Navigating Life

''You cannot always control the wind, but you can control your sails."

Life is full of unexpected changes. Sometimes we succeed, and sometimes we face setbacks. We cannot control every situation around us, but we can always choose how we respond. That is the true essence of life skills.

Life skills are not taught through textbooks alone. They are developed through everyday experiences—making responsible choices, solving problems, communicating respectfully, managing emotions, showing empathy, and learning from mistakes.

**Ms Pravallika**
**Academic Coordinator**

'These abilities help children face challenges with confidence and resilience.

In today's fast-changing world, academic excellence is important, but it is no longer enough. A child who knows how to cooperate, adapt, think critically, and remain calm under pressure is better prepared for life.

Every conversation at home, every classroom activity, every success celebrated, and every failure discussed becomes an opportunity to build character.

When children are encouraged to ask questions, take responsibility, they gradually develop the confidence to face life's uncertainties with courage and wisdom.

Just as a skilled sailor adjusts the sails according to the direction of the wind, children learn to navigate changing circumstances by developing resilience, adaptability, and self-belief. These qualities become a guiding compass through every stage of life.

The greatest gift that can be offered to children is along with the quality education, the values, confidence, and life skills that empower them to face the future with purpose, integrity, compassion, and hope. After all, while the wind may not always be in one's favour, the sails can always be adjusted to move forward.

JOYFUL CELEBRATIONS

Coffee Day

## Coffee Day with Parents – Gr 1 to 7

Genesis Ignis warmly welcomed the parents of Grades 1 to 7 for a Coffee Day session at the school ground.

The programme brought together around 500 parents along with esteemed members of management and provided a meaningful platform for interaction, guidance, and connection between home and school.

The session began with prayer by school choir seeking God's blessings.

Principal Ms. Siram Sridevi, spoke about herself, her journey with Genesis, and the vision , values and academic initiatives of Genesis Ignis.

Our Academic Coordinator Ms Pravallika then briefed parents on important school rules, routines, and expectations.

The highlight of the programme was the invited guest speaker, Ms. Sunita Devi, psychologist and counselor, who delivered an eye-opening and insightful session for an hour and 15 minutes. Her talk was highly engaging and well received by the parents.

The event concluded with excellent feedback from parents, who appreciated the thoughtful arrangement and the valuable guidance shared during the session.

Coffee

# Parent Teacher Meeting

"Parents support. Students shine. Teachers teach."

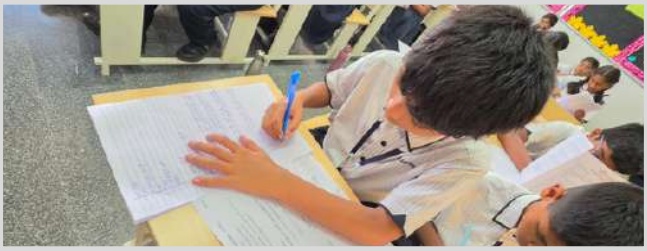
The PA1 PTM feedback reflects an extremely healthy and positive parent-school relationship. Parents overwhelmingly appreciate the commitment of teachers, effective communication, discipline, and the caring environment provided by the school. The feedback is predominantly constructive rather than critical, indicating trust in the school's academic and pastoral care. Across all grades, the strongest and most consistent expectation is enhanced spoken English and communication skills, followed by reading fluency, handwriting, and confidence building. As students progress to higher grades, parents increasingly seek stronger support in Science, Social Studies, Hindi, and Mathematics, while also expecting greater opportunities for leadership, public speaking, and holistic development. Overall Observation: The feedback demonstrates high parent satisfaction, strong confidence in the school, and clear developmental priorities that can guide future academic planning and enrichment programmes.

25/07/2026

**School-wide Improvement Areas (Priority Order)**

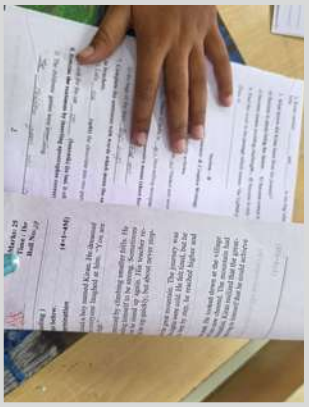
1. Spoken English & Communication Skills ⭐⭐⭐⭐⭐ (Most common request across all grades)
2. Reading Fluency, Vocabulary & Comprehension
3. Handwriting, Cursive Writing & Spellings
4. Confidence Building, Public Speaking & Leadership
5. Subject-wise Academic Support Science & Social Studies: Mainly Grades III–VI Hindi: Grades IV–VII Mathematics: Grades V–VII (highest in Grade VII) EVS: Grade II Telugu: Grades I, IV & V
6. Concentration, Behaviour & Classroom Focus
7. Sports, Co-curricular Activities & Stage Exposure
8. Better Tracking of Classwork, Homework & Academic Monitoring

# JOURNEY THROUGH LEARNING
## PERIODIC ASSESSMENT 1



### Genesis Ignis Students Begin PA1 Exams

**The students of Genesis Ignis have started their PA1 examinations with enthusiasm and confidence. The Periodic Assessment 1 marks the beginning of the academic evaluation for this year. Teachers guided students to stay calm and focused. We wish all Genesis Ignis students the very best as they take this first step toward achieving their academic goals.**



# JOURNEY OF LEADERSHIP
## HOUSE & CLUB ACTIVITIES

## Colour the Picture

IA

IB

IC

Students showcased their creativity by colouring a given picture with neatness and imagination. The activity enhanced their colour sense and fine motor skills.

## CCA COMPETITION

## Clay Moulding (Animal Theme)

IIA

IIB

Students created beautiful animal models using clay, displaying creativity and imagination. The activity strengthened their hand coordination and artistic skills.

IIC

## SPELL BEE

## SPELL BEE

Students demonstrated excellent spelling accuracy and vocabulary through various rounds. The competition enhanced their language skills and confidence..

IVA

IVB

IVC

The second round consisted of speed and consistency as parameters where the students had to answer the spellings in limited time span for Gr 3,4 & 5.

## VA

## VB

## SPELL BEE

## VI FOLK DANCE

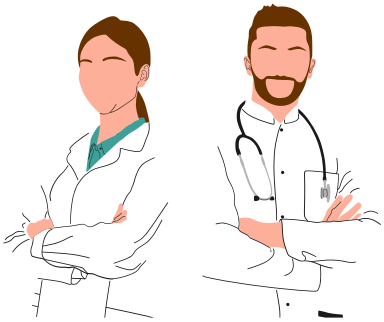
Students presented vibrant folk dance performances, celebrating India's rich cultural heritage. They displayed excellent coordination, expressions, and teamwork.

## VII WESTERN DANCE

Students delivered energetic Western dance performances with enthusiasm and confidence. Their creativity, rhythm, and stage presence captivated the audience.

# JIGSAW OF MEMORIES

## Assembly by Grade IVA
## Theme: Doctor's Day



The students of Genesis Ignis came together with gratitude and pride to celebrate Doctors' Day during a special morning assembly. The theme of the day was to honor the dedication, compassion, and selfless service of doctors who work tirelessly to keep us healthy.The assembly began with a prayer and thought for the day, followed by an inspiring speech on the life and contributions of Dr. B.C. Roy, in whose honor Doctors' Day is celebrated on July 1st. . A dance performance added color and emotion to the tribute.

**The Doctors' Day assembly at Genesis Ignis reminded us that behind every healthy life is a doctor's care, courage, and commitment.**

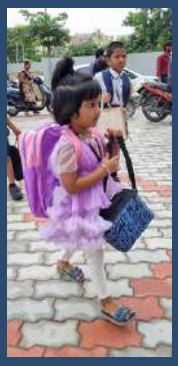
# PRE PRIMARY PERIODIC ASSESSMENT 1

The little learners of Pre-Primary at Genesis Ignis began their PA1 exams with big smiles and tiny pencils. With the guidance of their teachers, our young stars attempted their first test confidently. It was a proud moment to see them take their first step in learning and assessment.

# BLUE COLOUR DAY CELEBRATION

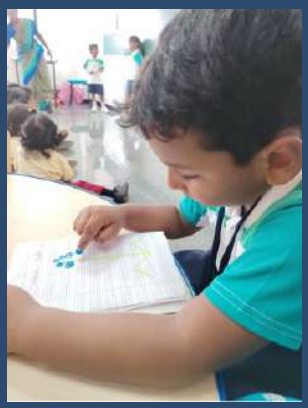
Blue Colour Day is celebrated to help children learn about the colour blue in a fun and engaging way. Blue is the colour of the sky and the sea. It symbolizes peace, calmness, trust, and confidence. Through songs, games, art, and dress-up activities, children explore the beauty of the colour blue and develop their creativity and observation skills. Blue Colour Day makes learning enjoyable while helping children appreciate the colours around them.



# PRE-PRIMARY ACTIVITIES

## “Learning Through Observation”

Our tiny explorers enthusiastically observed the sports ground, developing curiosity, awareness, and appreciation for outdoor learning spaces.



### Blue colour Activity :

Our Pre-Primary students enjoyed a fun-filled Blue Colour Finger Painting Activity. The children dipped their fingers in blue paint and created beautiful patterns and designs on paper. This hands-on activity helped them recognize the colour blue while enhancing their creativity, sensory skills, and fine motor coordination. The little artists participated with great excitement, making learning colourful and enjoyable.

# Reading stories in Library

Reading story books in the library is a magical experience for our PP children at Genesis IGNIS. The library is not just a room full of books, but a world of imagination, colors, and stories.

"Grouping in Tens" is the first step to understand big numbers. It turns counting into a game and builds a strong math base for Genesis IGNIS kids.

## Grouping in Tens activity

## CREATIVE WRITING

### Learning Social Studies Made Easy with Mnemonics

Learning Social Studies becomes exciting when we use mnemonics—simple words or phrases that help us remember important facts in an easy and enjoyable way. They improve memory, make learning fun, and help us recall information quickly during class and exams.

**Planets**

"My Very Educated Mother Just Served Us Noodles."

M – Mercury
V – Venus
E – Earth
M – Mars
J – Jupiter
S – Saturn
U – Uranus
N – Neptune

**Oceans**

"PAISA"

P – Pacific
A – Atlantic
I – Indian
S – Southern
A – Arctic

**Continents**

Amazing Artist Never Sings at Every Auditorium."

A – Asia
A – Africa
N – North America
S – South America A – Antarctica
E – Europe
A – Australia.

**Pammi Dharani**
**Social department**

Mnemonics are not just memory tricks—they are smart learning tools that make even the longest lists easy to remember. They encourage students to learn with confidence and enjoy the wonderful journey of exploring our world. "A simple mnemonic today can become a lifelong memory tomorrow. Learn with joy, remember with ease, and let curiosity lead the way!"

### Importance of Discipline

Discipline is one of the most important qualities in everyone's life. It helps to stay organized, responsible, and focused on our goals. A disciplined student follows rules, respects others, and uses time wisely. Discipline is not about punishment, it is about making the right choices every day.

In students life , discipline plays a vital role in achieving success. Attending school regularly, completing homework on time, listening carefully in class, and showing respect to teachers and classmates are all examples of discipline. These good habits build confidence and improve academic performance.

Discipline also teaches self-control and patience. It helps to overcome from challenges, develop strong character, and become responsible citizens. Whether at home, in school, or in society, discipline creates a positive and peaceful environment.

Success is not achieved overnight. It is the result of consistent effort, dedication, and discipline. By practising discipline in daily lives, prepare for a brighter future.

"Discipline is the bridge between goals and achievement."

**Sweta Mishra**
**Hindi department**

## Emotional Intelligence: The Superpower Within

**"The greatest strength is not controlling others, but understanding ourselves."**

Emotional Intelligence (EI) is the ability to recognise, understand, and manage our own emotions while showing empathy towards others. In today's world, it is just as important as academic knowledge.

As students, we experience excitement, nervousness, disappointment, and happiness every day. Emotional intelligence helps us respond to these emotions wisely rather than react impulsively. It enables us to stay calm under pressure, communicate respectfully, resolve conflicts peacefully, and build meaningful relationships.

EI develops through simple habits such as listening with empathy, expressing gratitude, accepting feedback positively, pausing before reacting, and showing kindness. These qualities strengthen our confidence, teamwork, and character.

No matter what career we choose, emotional intelligence helps us become not only successful professionals but also compassionate human beings. True success lies in balancing intelligence with empathy, respect, and understanding.

"Emotional intelligence is the key to understanding ourselves, connecting with others, and leading with kindness."

# RAINY SEASON

## GUIDELINES FOR SAFETY

**Let's stay safe, healthy and happy this monsoon!**

## @ HOME

### 1. Dress Right
Wear light, comfortable clothes and carry a raincoat or umbrella every day.

### 2. Footwear Matters
Wear sandals with good grip. Avoid slippery shoes.

### 3. Stay Dry & Healthy
Keep yourself dry. Change out of wet clothes immediately. Drink clean water and eat home-cooked food.

### 4. Keep Surroundings Safe
Keep your surroundings clean. Avoid stagnant water to prevent mosquitoes.

### 5. Be Cautious
Do not touch electrical switches with wet hands or near water. Stay away from open drains, waterlogged areas and exposed wires.

### 6. Follow Weather Updates
Listen to the weather forecast and follow the advice of elders.

## @ SCHOOL

### 1. Come Prepared
Carry a raincoat/umbrella, extra socks, and a change of clothes.

### 2. Walk Carefully
Do not run on wet floors or staircases. Use handrails.

### 3. Stay Hydrated & Healthy
Drink clean water. Wash hands regularly. Use handkerchief or tissue.

### 4. Transport Safety
Board and get down from the bus only after it stops completely. Do not lean out of the window.

### 5. Follow Instructions
Follow the instructions of teachers and school staff at all times.

### 6. Rainy Day Etiquette
Keep your bags and books in plastic covers. Keep the school clean and dry.

## Safety First, Always!

Let's take care of ourselves and each other. Together, we can enjoy the beauty of the rains and stay safe every day.

**Be Responsible.**
**Be Safe.**
**Be a Genesis Ignis Star!**

**SAFE TODAY... STRONG TOMORROW**
