GENESYS
SCHOOL

NURTURING TOMORROW'S LEADERS

DISCIPLINE BUILDS *Greatness*

CHARACTER TODAY, SUCCESS TOMORROW

Dear Parents and Students,

Discipline is more than following rules—it is about developing self-control, making wise choices, and staying committed to our goals.

It helps us stay focused on what matters most and gives us the strength to overcome challenges.

It builds good habits, strengthens our character, and earns the trust and respect of others.

It teaches us responsibility for our actions and prepares us to become confident and caring leaders.

At Genesys, we encourage every student to embrace discipline in daily life—at school, at home, and in the community.

**Small steps of discipline today
create a future of endless possibilities.**

“

*Discipline is not about
being perfect.
It's about being
better than yesterday.*

”

DISCIPLINE LEADS US TO

Better
Focus

Effective
Time
Management

Stronger
Character

Respect &
Responsibility

Achievement
& Success

Warm regards,

B. Shobha Reddy

DISCIPLINED MINDS
BRIGHT FUTURES

SPECIAL ASSEMBLY

A TIME TO REFLECT, RESPECT & CELEBRATE

Our special assembly reminds us to be **kind**,
grateful and **responsible** every day.
Together, we **learn**, **grow** and **inspire**!

Every assembly brings us closer.
It's a moment to pause, to think and to promise
to **be better** than **yesterday**.

TOGETHER WE...

Show Gratitude
Be thankful for
what we have.

Respect Others
Treat everyone
with respect.

Stay Responsible
Do our best and
make good choices.

Work Together
Unity makes us
stronger.

Inspire Always
Be a light for
someone today.

PRE-PRIMARY

IN & OUT ACTIVITY

Learning Through Fun and Movement!

“

The “In & Out Activity” was a joyful and engaging experience for our little learners. Children moved in and out of the hula hoops on a given signal, helping them understand the concepts of inside and outside in a playful way. The activity encouraged active participation, improved listening skills, and enhanced their coordination and balance. It was heartwarming to see the children so enthusiastic, energetic, and full of smiles throughout the activity!

”

BENEFITS

-  Improves gross motor skills
-  Enhances listening skills
-  Encourages active participation
-  Builds concentration and quick response
-  Promotes fun, confidence and teamwork

GRADE 1

LOOK AROUND, JOT DOWN!

A FUN FILLED CLUB ACTIVITY

Our Grade 1 children participated in a fun and engaging club activity, "Look Around, Jot Down!"

They **observed the words** around them and carefully noted them down within the given time.

The activity helped develop **observation, concentration, reading, and writing skills.**

It encouraged **quick thinking, active participation,** and learning through fun.

The activity built **confidence** and made **learning joyful** and **meaningful.**

Observe. Think.
Write. Learn.
Grow!

Learning is
everywhere!

Grade 2:

Puzzle Sequence Activity

Learning through
Observation,
Sequencing &
Teamwork

Grade 2: Students actively participated in the Puzzle Sequence activity by **observing**, **identifying**, and **arranging** the coloured sticks in the correct pattern. The activity enhanced their **logical thinking**, **concentration**, **sequencing skills**, and **problem-solving abilities** while encouraging **teamwork**, **observation**, and **active participation** in a fun and engaging learning environment.

Enhances
Logical
Thinking

Improves
Observation

Boosts
Concentration

Develops
Sequencing
Skills

Encourages
Teamwork

Fun &
Engaging
Learning

★ 🏆 Think, Arrange, Solve, Learn! ★

$$3 \times 4 = 12$$

SUBJECT ENRICHMENT ACTIVITY

$$5 \times 6 = 30$$

MULTIPLICATION

— Grade 3B —

The Grade 3B students explored the concept of **Multiplication** through hands-on learning by creating **colourful** flowers of **Multiplication**. They enjoyed multiplying, and learning how multiplication connects to our daily lives.

Through this activity, students:

Understood multiplication concepts in a fun and creative way.

Enhanced their participation, creativity, and confidence.

Strengthened their mental math and thinking skills.

Connected multiplication to real-life situations.

$$\begin{array}{l} 2 \times 3 = 6 \\ 4 \times 5 = 20 \\ 6 \times 7 = 42 \end{array}$$

≥ **Multiply Today, Succeed Tomorrow!** ≤

MATH ACTIVITY

1

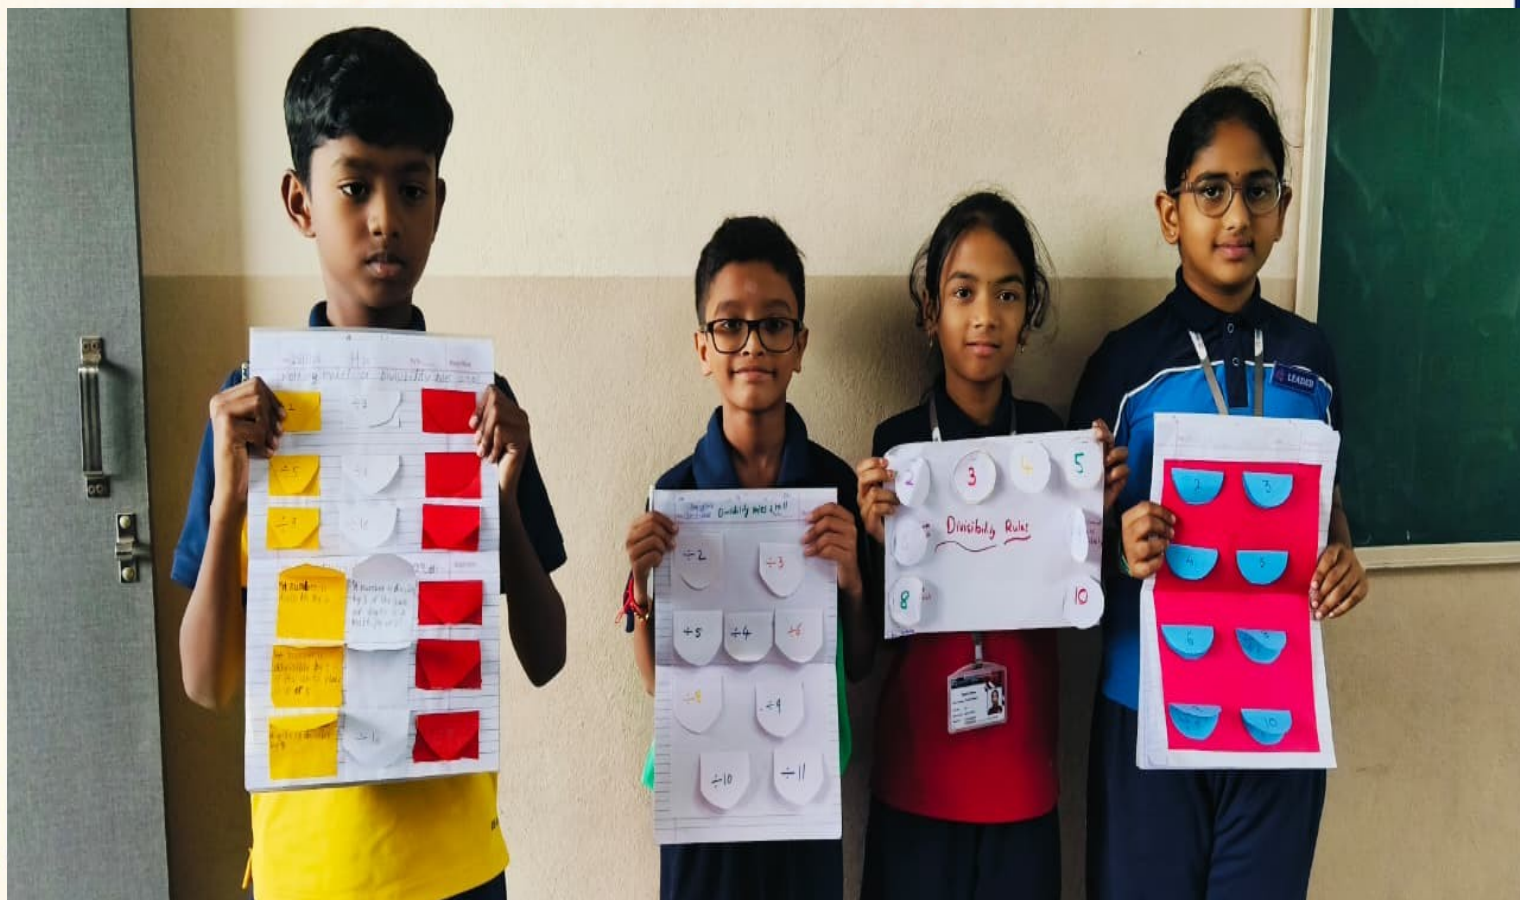

3

5

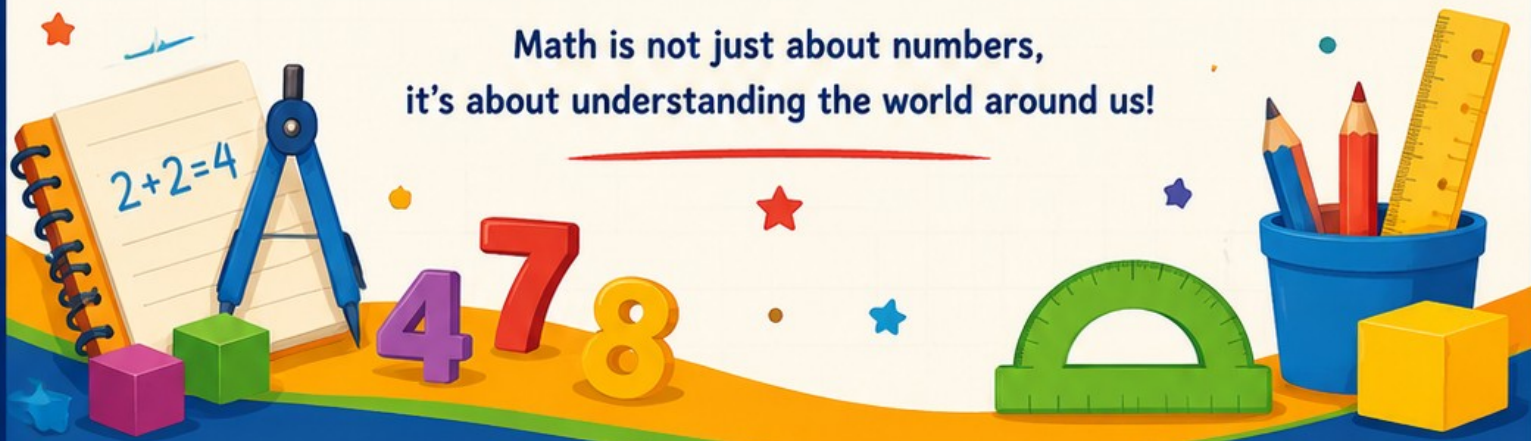

★ GRADE 4 ★

Exploring Numbers, Building Confidence!

Math is not just about numbers,
it's about understanding the world around us!

Pottery Making Activity

Classes V A & V B

Students of **Classes V A and V B** enthusiastically participated in a **pottery-making activity**. They shaped clay creatively, drew pictures, and wrote their observations about the activity. The activity helped develop their **creativity, observation skills, and fine motor skills**.

Enhances
Creativity

Improves
Observation

Develops
Fine Motor Skills

Fun &

GRADE 6 CCA COMPETITION - ALBUM MAKING

THEME: SCIENCE IN DAILY LIFE

The Grade 6 students enthusiastically participated in the **CCA Album Making Competition** on the theme "**Science in Daily Life.**" 🌟

Students creatively designed albums using pictures, facts, illustrations, and examples to showcase how science plays an important role in our everyday lives. 📖

Their work highlighted areas such as communication, transportation, health, cooking, agriculture, electricity, and technology.

The competition enhanced students' **creativity, research skills**, scientific awareness, and presentation abilities, while inspiring them to appreciate how science makes our lives **easier, safer, and more comfortable.** 💡

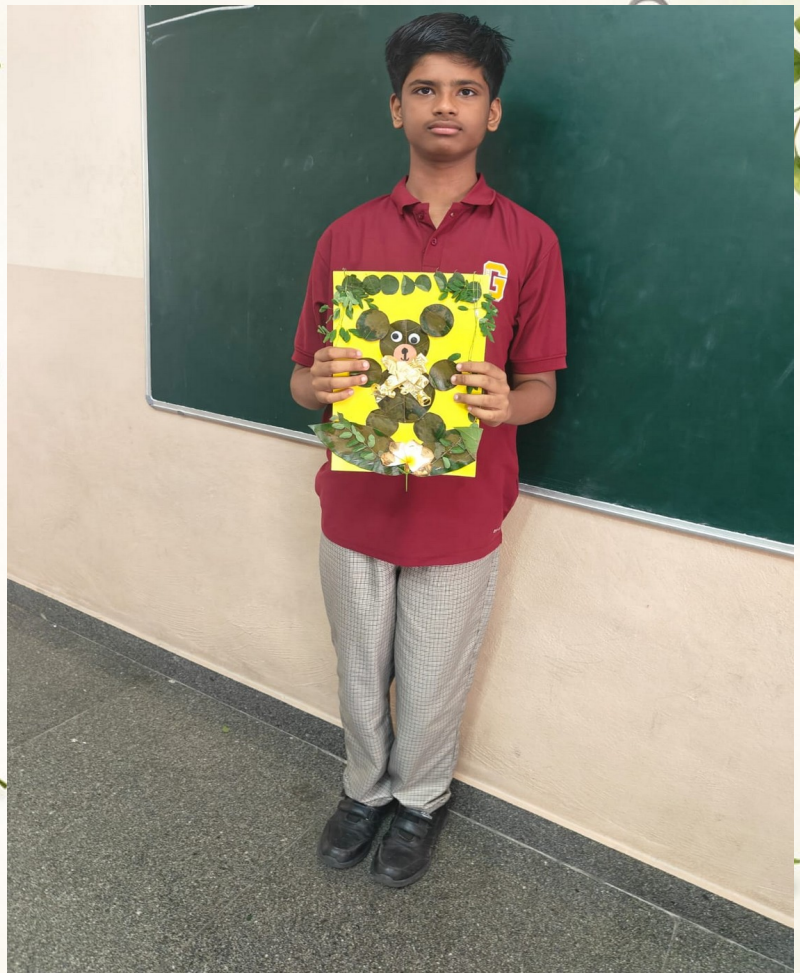

*Exploring Science,
Enriching Lives!* ❤️

Art Corner:

Bringing “The Brook” to Life

The students of **Class 7A** brought the poem “The Brook” to life through a creative **Art Corner activity**.

Art

Nature

Role Play

Teamwork

Using leaves, they created **characters, costumes, and accessories**.

Students beautifully combined **art, nature, and role play**.

With imagination and teamwork, students explored the poem **beyond the textbook**.

Making learning a **fun and memorable experience!**

“Creativity is intelligence having fun.”

GRADE 8A

HEALTHY SNACK ACTIVITY

Eat Healthy, Live Healthy! ♥

The students of Grade 8A enthusiastically participated in the **Healthy Snack Activity**. They brought healthy snacks and created informative posters to spread awareness about the importance of healthy eating and balanced nutrition.

ABOUT THE ACTIVITY

Students brought healthy snacks and created informative posters to spread awareness about the importance of healthy eating and balanced nutrition.

KEY HIGHLIGHTS

- ✓ Promotes healthy eating habits
- ✓ Encourages creativity and teamwork
- ✓ Builds awareness about balanced diet
- ✓ Helps in maintaining good physical and mental health

BENEFITS OF EATING HEALTHY

Boosts Immunity

Improves Energy

Better Concentration

Supports Mental Well-being

Helps in Healthy Growth

Healthy Food Today,
Stronger Tomorrow!

A small step today for a healthier you tomorrow!

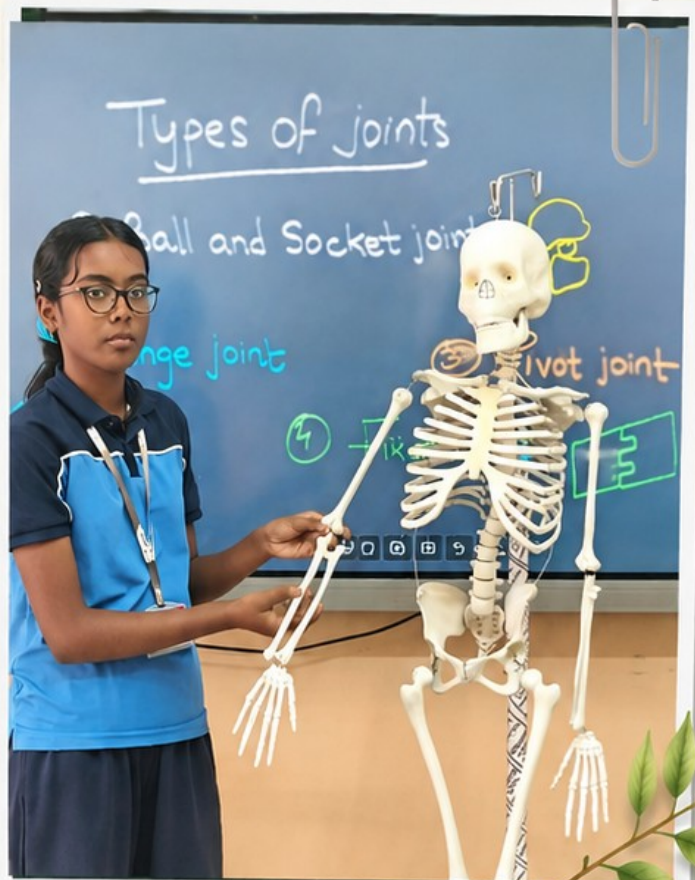

Exploring

The Language of Movement

While examining the **skeleton model**, students identified how **joint structure** directly dictates the movement permitted between bones.

Grade 9

Observation

Analysis

Understanding

Application

Students carefully observed different types of joints in the human skeleton.

They analyzed how the shape and structure of each joint allows specific movements.

Hands-on exploration helped them connect theory with real-life function.

This activity inspired curiosity and deeper interest in human biology.

“

Understanding
structure
reveals the
power of movement.”

The Library

*Where Curiosity Begins
and Minds Blossom*

Our school library is a world
of **endless possibilities**.

A place to read, learn, explore
and **grow**.

Open a book,
open your mind.

DISCOVER. LEARN. GROW.

“ Books are the keys
to endless adventures. ”

EXPLORE

Step into stories
that spark curiosity.

LEARN

Discover new ideas
and expand horizons.

SHARE

Exchange thoughts,
stories and perspectives.

GROW

Build knowledge,
confidence and
character.

LIBRARY RULES

Be quiet and
respect
everyone.

Handle books
with care.

Return books
on time.

Keep the library
clean and tidy.

Read, enjoy
and inspire
others!

KARATE

DISCIPLINE • FOCUS • STRENGTH • RESPECT

FOCUS

Focused mind,
powerful moves,
stronger future.

“

Karate builds more than just strength.
It builds **confidence, discipline, and respect.**

Every move we practice today
brings us closer to a better and
stronger tomorrow.

”

空手道

DISCIPLINE

Building character
and self-control.

FOCUS

Concentrate today,
achieve tomorrow.

STRENGTH

Train your body,
empower your mind.

RESPECT

Respect yourself,
respect others.

EXCELLENCE

Strive for progress,
not perfection.

★ ★ TRAIN TODAY •

TRANSFORM TOMORROW ★ ★

✦ Exploring the World of Music ✦

Students enjoyed an engaging Music session where they explored different musical elements, understood rhythm, notes, and beats, and experienced the joy of learning through music.

Enhances Creativity

Improves Concentration

Builds Confidence

Promotes Self-Expression

“ Music is the universal language that connects hearts and minds. ”

ART and CRAFT

CREATIVE HANDS, IMAGINATIVE MINDS

⇒ Create • Imagine • Explore ⇐

Art is not what you see, but what you make others see.

ROBOTICS CLASS

• BUILD • CODE • INNOVATE •

In our robotics class, we don't just build robots,
we build **skills**, **confidence**, and **creativity**.

Every idea leads to innovation!

WHAT WE LEARN

CREATIVITY

Design and build unique robots with innovative ideas.

CODING

Learn programming skills to bring robots to life.

PROBLEM SOLVING

Find solutions and overcome challenges through hands-on learning.

TEAMWORK

Work together, share ideas, and create amazing projects.

TECHNOLOGY

Explore the world of robots and emerging technologies.

Think • Build • Code • Innovate
*The future is created by what you build **today!***

CCA COMPETITION WINNERS

Celebrating Talent, Creativity and Excellence!

“ Winners are not just those who stand on the podium,
but all those who participate with passion and give their best. ”

Keep Shining, Keep Inspiring!

CCA COMPETITION WINNERS

TALENT • CREATIVITY • EXCELLENCE

Celebrating Achievements, Inspiring Futures!

PROUD MOMENTS • BRIGHT FUTURES

Congratulations to all the winners
for your outstanding performance!
Your hard work, dedication and passion
have made us all proud.

Education & Discipline

*Building Knowledge, Shaping Character,
Achieving Success*

THE POWER OF EDUCATION

Education is the foundation of a successful life. It gives us knowledge, develops skills, and helps us understand the world. It shapes our thinking, improves our communication, and teaches us the difference between right and wrong. Education opens doors of opportunity and prepares us to face life's challenges with confidence.

THE ROLE OF DISCIPLINE

Discipline is the bridge between goals and achievement. It teaches us self-control, responsibility, and respect for rules. Discipline helps us stay focused, manage our time wisely, and complete our tasks on time. It is the inner strength that keeps us on the right path even when no one is watching.

DISCIPLINE BUILDS HABITS

Good habits are the result of discipline. Simple actions like waking up early, attending classes regularly, completing assignments, and reading daily may seem small, but they lead to big results. Consistency in these habits builds a strong personality and brings long-term success.

DISCIPLINE SHAPES CHARACTER

A disciplined person is honest, punctual, and hardworking. They respect others and take responsibility for their actions. Discipline helps us overcome laziness, procrastination, and distractions. It develops patience, determination, and the courage to face difficulties.

EDUCATION NEEDS DISCIPLINE

Without discipline, education cannot produce the desired results. A bright student may not succeed without focus and regular effort. Discipline makes learning meaningful and helps us use our knowledge wisely. It turns potential into performance.

SELF-DISCIPLINE IS THE KEY

True discipline comes from within. When we control our thoughts, actions, and emotions, we become self-reliant and confident. Self-discipline helps us stay away from negative influences and make wise choices that lead to a better future.

RELEVANCE IN TODAY'S WORLD

In today's fast-changing world, education provides direction and discipline provides stability. Technology, social media, and many distractions can easily divert our attention. Discipline helps us use these tools wisely and stay focused on our goals.

CONCLUSION

Education gives us the wings to fly, and discipline gives us the strength to soar high. Together, they create a responsible, successful, and compassionate individual who contributes positively to society. Let us embrace both education and discipline in our daily lives and work towards building a better tomorrow.

“ *Discipline is the companion of wisdom
and the guardian of success.* ”

Student Article

FINANCIAL LITERACY

A STEP TOWARDS A SECURE FUTURE

“Financial literacy is not about earning more, it is about learning how to make the most of what you have.”

Financial literacy is the knowledge and understanding of how money works. It helps us make smart choices about earning, saving, spending, and investing. In today's world, where needs and wants are unlimited, financial literacy is not just an advantage—it is a necessity.

The first step in financial literacy is understanding the value of money. Money is earned through hard work and time. Therefore, it should be used wisely. Creating a budget is a simple and effective way to manage money. By dividing our money into needs, wants, savings, and investments, we can avoid unnecessary expenses and focus on what truly matters.

Saving is a crucial habit. A portion of our income should always be saved, no matter how small. Savings provide security during emergencies and help us achieve our goals in the future, such as higher education, buying a home, or starting a business. The earlier we start saving, the better.

Investing is another important part of financial literacy. Instead of keeping all our money in a savings account, investing in options like mutual funds, stocks, or fixed deposits can help our money grow over time. However, it is essential to understand the risks involved and invest wisely.

Avoiding debt is equally important. While loans can be helpful in times of need, unnecessary debt can become a burden. Using credit cards responsibly and paying bills on time helps build a good credit score and financial reputation.

Financial literacy is not just about numbers; it is about making informed decisions. It teaches us to be independent, confident, and responsible. It also helps us understand the importance of risk management through insurance and planning for the future.

In conclusion, financial literacy is a life skill that empowers us to take control of our financial future. It reduces stress, helps achieve dreams, and leads to a secure and peaceful life. Therefore, let us learn about money, respect it, and use it wisely. Because a financially literate individual builds not only a better future for himself but also contributes to a stronger and better society.

“Money is a tool. Financial literacy turns the tool into a life-building opportunity.”

- ☒ Earn
- ☒ Save
- ☒ Invest
- ☒ Grow

DECISION MAKING

— Good Decisions Today, Better Tomorrow —

“We are free to choose our actions,
but we are not free from the consequences
of our decisions.”

WHAT IS DECISION MAKING?

Decision making is the process of choosing the best option from two or more alternatives. It is a part of our daily life. From small choices like what to wear, to big choices like choosing a career, every decision shapes our future.

WHY IS IT IMPORTANT?

Good decisions lead to success, happiness, and growth. Bad decisions can result in problems and regret. That's why it is important to think carefully before we decide.

STEPS IN DECISION MAKING

- 1 Identify the problem or situation.
- 2 Think of all possible options.
- 3 Look at the advantages and disadvantages.
- 4 Choose the best option.
- 5 Take action and learn from the result.

QUALITIES OF A GOOD DECISION

- It is based on facts, not emotions.
- It considers the short-term and long-term effects.
- It is ethical and does not harm others.
- It helps in achieving our goals and values.

HOW TO IMPROVE OUR DECISION MAKING?

- Think before you act.
- Gather more information.
- Seek advice from experienced people.
- Learn from past mistakes.
- Trust your judgment and stay confident.

CONCLUSION

Every decision we make shapes our life. By thinking clearly, staying calm, and choosing wisely, we can create a better future for ourselves and others. Remember, a good decision today can lead to a successful tomorrow.

“Your life is the result of the decisions you make.
If you don't like your life, it's time to start making better decisions.”

ప్రకృతి మా గురువు

ప్రకృతి మా గురువు, ప్రతి క్షణం ఏదో నేర్పుతుంది,
 ఆ చెట్టు నేర్పుతుంది నీడనివ్వడం,
 ఆ పువ్వు నేర్పుతుంది అందంగా వికసించడం,
 ఆ నది నేర్పుతుంది ఆగకుండా సాగడం,
 ఆ సూర్యుడు నేర్పుతుంది కాంతిని పంచడం,
 ప్రకృతిని ప్రేమిద్దాం, పరిరక్షిద్దాం,
 మన భవిష్యత్తును సురక్షితం చేద్దాం.

स्वच्छता का संदेश

स्वच्छता है जीवन की पहचान,
 इससे होता है देश महान।
 स्वच्छ मन, स्वच्छ तन, स्वच्छ परिवेश,
 यही है सुखी जीवन का संदेश।
 कूड़ा न फैलाएं, पेड़ लगाएं,
 जल को बचाएं, देश को सजाएं।
 आओ मिलकर ये प्रण करें,
 स्वच्छ भारत का निर्माण करें।

The Power of Dreams

Hold a dream within your heart,
 It's the spark that sets you apart.
 Work with hope and never give in,
 Your dreams can turn to victory.
 Believe in yourself, stay strong,
 Keep believing, don't go wrong.
 With hard work and a positive mind,
 Success and happiness you'll find.
