HAPPY
independence day

15TH AUGUST

EDITORIAL

Dear Parents & Students,

The month of August has been a vibrant and exciting one at school, filled with learning, creativity, celebration, and healthy competition. From No Bag Days, Science Week, and Independence Day celebrations to the Interschool Sports Meet, our campus has been buzzing with enthusiasm and energy.

I am especially proud of our students who have brought laurels to the school by performing exceptionally well in various interschool literary and sports competitions. Your achievements remind us that every talent deserves an opportunity to shine.

Our Lean Hyphen financial literacy classes are progressing smoothly, helping you develop valuable skills that will benefit you far beyond the classroom.

I encourage all parents to take a few moments to read through the Counsellor's Desk in this edition. The thoughts and guidance shared there are valuable and relevant to your everyday life. Read the message carefully, put yourself in the situation described, and think about how you would respond or act. Sometimes, a little reflection can teach us lessons that are valuable.

As we look ahead to the Half-Yearly Examinations, this is the right time to plan your syllabus, organise your study schedule, and begin your preparation steadily. Remember, consistent effort is always more effective than last-minute pressure.

I am also delighted to see students contributing their articles, ideas, creativity, and experiences to our school magazine. Keep writing, creating, questioning, and sharing—your voice makes our magazine truly yours.

With so many exciting activities continuing across the school, we look forward to another energetic and memorable month.

Keep learning. Keep growing. Keep shining.

All the very best!

COUNSELLING DESK!

When a Child's Behaviour Is Trying to Tell Us Something

Letters from the Heart – Letter 2

“Sometimes the behaviour we want to correct is actually the message we need to understand.”

Dear Parents,

A child comes home from school angry, another refuses to do homework. One keeps interrupting, another has suddenly become quiet. Someone is constantly on the phone, someone doesn't seem interested in studies anymore. And almost immediately, we ask: “What is wrong with my child?”, but perhaps there is another question we could ask first: “What is my child trying to tell me?”

Over the past few months, while interacting with children, parents and teachers, I have found myself returning to this question again and again. Children don't always have the words to explain what is happening inside them. Their emotions often find another language—and that language is behavior. Anger may be carrying hurt, defiance may be carrying a need for independence, withdrawal may be hiding insecurity.

Constant talking may be a search for attention or belonging, lack of interest in studies may sometimes have very little to do with laziness. There may be a learning gap, fear of failure, comparison, academic pressure, or simply the feeling that “I can never be good enough.” This doesn't mean that every difficult behavior should be excused.

Boundaries are necessary. Children need to learn responsibility, discipline and respect. But there is a difference between understanding a behavior and permitting it.

We can say, “I understand that you are angry, but you cannot speak disrespectfully to someone.”

We can say, “I know you don't feel like studying today. Let's understand why, and then we'll decide what needs to be done.”

The boundary and the relationship remains. We don't have to choose between being loving and being firm. A child needs both. One of the most powerful things we can give our children is the experience of having an adult who can remain calm when they themselves cannot. When we respond to anger with anger, fear with fear, and disrespect with disrespect, the situation often becomes a battle. When we pause and become curious, something different becomes possible. “Tell me what happened.”, “Help me understand.”, “What were you feeling at that moment?”, Sometimes, these three questions can open a door that repeated instructions never could.

A Small Step This Month

For one week, whenever your child displays a behaviour that irritates you, pause for ten seconds before responding.

Ask yourself:

“If this behaviour could speak, what might it be saying?”, You don't have to get the answer right. Just becoming curious is the beginning. Because children don't always need adults who can immediately fix everything. Sometimes, they simply need someone willing to look beyond the behaviour and see the child.

Achievements

Grade 1 & 2 students secured 1st Place in Group Dance and 3rd Place in Thinking Trail at **Srijan Junior Fest – Cognizance 2026**, hosted by Delhi Public School, Miyapur.

Dance Winners

1. Mandala Vedhasri -1E
2. Potru Aashritha- 1C
3. Pyala Khyathi Priya -1D
4. Geesala Siddu Ankith -1D
5. Golla Yashika – 2E
6. Ganta Bindhushree Reddy – 2A
7. Jeshwik Dosapati-2B
8. Harshavardhan Kosuru- 2D

Thinking Trail Winners:

1. ISHAAN SINGARI – 2C
2. SHREYANSH BAADE – 2C

P. Sunanda of Class 5B

secured third place in the Kata (Karate) competition organized by Lucky Martial Arts Academy.

Martial Arts Achievement

Over 2,700+ children below 12 years participated in various martial arts forms, including Karate, Kung Fu and Kumite.

Patan Aman of 4E won Gold in the Karate Green Belt Category (8–10 years).

- **P. Abhay Charan (Class 6C)** – Secured 2nd Place in the Kata (Karate) competition organized by Lucky Martial Arts Academy.
- **P. Sunanda (Class 5B)** – Secured 3rd Place in the Kata (Karate) competition organized by Lucky Martial Arts Academy.
- **N. Vaishnavi (Class 8D)** – Won the Traditional Book of Records recognition presented by Kaavyanjali Dance Academy.
- **V. Lakshmi Devarshi Chawdary (Class 5G)** – Received a Certificate of Excellence & Record Recognition in a dance competition conducted by the Telangana Kalakruti Federation.

Achievements

Our students secured **1st position in BASKETBALL Inter-School Sports Competition** hosted by Surya the Global School: TEAM MEMBERS (UNDER-15 BOYS)

1 Harshith P., 2 Bandaru Aaritha, 3. Naiwik Ratnakar
4 Yashwanth, 5 Joshua,
6. Tejas, 7 Krishna Kumar
8 Atharva Boga, 9 Kenny,
10 Bhavyesh, 11 Adityah

Our students secured **1st position in BASKETBALL Inter-School Sports Competition** hosted by Surya the Global School:

TEAM MEMBERS (UNDER-14 BOYS)

1. Kenny,
2. Ambati Adityah,
3. Bhavyesh,
4. Chanvith 5. Hanish,
6. Prachetan Reddy,
7. Rehan, 8. Joshith Reddy 9. Monith,
10. Varshith,
11. Hemanvith,
12. Dhanish.

Our students secured **3rd position in BASKETBALL Inter-School Sports Competition** hosted by CMR International School, Suraram:

TEAM MEMBERS (UNDER-14 BOYS)

11. P. Harshith,
2. Bandaru Aaritha,
3. Naiwik Ratnakar,
4. Yashwanth,
5. Joshua, 6. Tejas,
7. Krishna Kumar,
8. Atharva Boga,
9. Durga Suhas,
10. Ch. Yash Kumar.

Our students secured **2nd position in VOLLEYBALL Inter-School Sports Competition** hosted by CMR International School, Suraram:

TEAM MEMBERS (UNDER-15 BOYS)

1. N.ABHINAV REDDY, 2. MAILARAM JASWANTH, 3. B.KSHETRAGNA,
4. PARNAV SRI PRADHYUMN,
5. DHURUV SEERAVI CHOUDHARY,
6. SAM SREEKAR, 7. VATTI SAI RAM CHARAN, 8. SREYAS, 9. J.SREEKAR

P. Harshith (Grade 9) – Won the Best Player Award at CMR International School.

1. **V. Lakshmi Devansh Chawdary of Class 5G** received a Certificate of Excellence in a dance competition conducted by the Telangana Kalakruthi Federation.

2. **Sai Eashan of Class 5G** received a Gold Medal in a kata (Karate) competition conducted by the JSK Traditional Goju Ryu Karate Do Association.

80th INDEPENDENCE DAY

CELEBRATIONS @GENESIS SCHOOL, OLYMPUS

Let's Honour Our Nation with Pride & Unity

The 80th Independence Day was celebrated with patriotic zeal and enthusiasm, showcasing the spirit of unity, discipline and love for the nation. The programme witnessed excellent participation by students across grades. Cultural performances, including Bhangra, Garba, Lavani, Bihu and Telugu dances, beautifully reflected India's rich diversity. A powerful freedom struggle scene highlighted India's journey to independence, while drills, skating and NCC performances demonstrated discipline, teamwork and confidence. Speeches and poetry recitations conveyed meaningful messages on freedom, self-reliance and nation-building. The collective efforts of students, teachers and staff made the celebration memorable, inspiring and successful, filling everyone with pride in our nation.

80th INDEPENDENCE DAY

CELEBRATIONS @GENESIS SCHOOL, KP

Let's Honour Our Nation with Pride & Unity

Promoting Student Health and Well-being

DENTAL CHECKUP CAMP

Dental checkup was organised by Varun's Dr. TEETH Multispeciality Dental Hospital for the students of Pre primary to grade 5.

EYE CHECKUP CAMP

Eye checkup camp was organised by WIN VISION Eye Hospitals, for the students of grades 6 to 10.

Genesis Frenzy

Genesis Inter School Sports Meet

Genesis Frenzy – Where Champions Came Alive!

Genesis Frenzy, the Inter-Branch Sports Meet, was a vibrant celebration of energy, excellence, teamwork, and sportsmanship across the Genesis family.

Our heartfelt appreciation goes to Chairman Mr. Jay Pal Reddy for his visionary initiative in creating this platform for our young athletes to compete, connect, and excel.

The sporting spirit soared from Athletics at Genesis Optimus, to Kho-Kho at Genesis Polaris, and culminated in thrilling Basketball and Volleyball finals at Genesis Olympus.

A huge salute to all our players for their passion and perseverance, and heartfelt thanks to their coaches and parents for their unwavering guidance and support. Hearty Congratulations to all the winners.

Genesis Frenzy proved that when we play together, we grow stronger together!

No Bag Day

School conducted a highly effective Bagless Day on 1/08/26 (Saturday) for the students of grades 9 & 10, where students attended without textbooks and engaged in diverse skill-based activities. Children enthusiastically participated in hands-on tasks, sports competitions, CCAs and talent showcases, experiencing learning beyond the classroom. This initiative aligns with CBSE and NCERT's "Bagless Days" policy under NEP 2020. The objective is to reduce academic burden, promote experiential learning and develop practical life skills. Our school's Bagless Day successfully embodied this vision.

Primary Block Library Inauguration

Our Primary Block proudly inaugurated its new library, a vibrant space created to nurture the joy of reading among our young learners. Filled with age-appropriate books, the library will inspire students to read, explore, imagine, and learn beyond the classroom.

SCIENCE WEEK ACTIVITIES

Day: 1

Grade: 1
Activity: Five senses Mystery Box

To foster curiosity, awareness and interest in science, Science Week was celebrated with enthusiasm. Under the guidance of their teachers, students participated in various activities, learned about great scientists and explored their remarkable discoveries, inventions and innovations. Such programmes encourage students to think creatively, ask questions and develop a passion for science. We hope these initiatives inspire our students to become future scientists, innovators and researchers who contribute to the betterment of society and humanity.

Grade: 3 (Show and Tell)
Activity: Prop and Pop

Grade: 2
Activity: Planet hop game

Grade: 4
Activity: leaf venation

SCIENCE WEEK ACTIVITIES

Day: 1

Grade: 5
Activity: -Mystery Box

Grade: 6
Activity: maker skills

Grade: 7
Activity: Tie and dye - Kaushal bodh

Grade: 9
Activity: Debate on Pros and cons of Science and Technology

SCIENCE WEEK ACTIVITIES

Day: 2

Grade: 1
Activity: The Healthy Food safari
Theme- Nutrition and active play

Grade: 3
Activity: The heart beats (pulse)

Grade : 5
Sense station rotation activity

Grade: 2 (Health and wellness club)
Activity: Mindfulness and mental wellness - Five senses nature walk.

Grade: 4
Activity: Water brigade relay

SCIENCE WEEK ACTIVITIES

Day: 2

Grade: 6 (Kaushal bhodh)
Activity: School Museum

Grade: 7 (Health and wellness club)
Activity: Monitoring BMI

Grade: 10
Activity: Making of Eco-Friendly bags

SCIENCE WEEK ACTIVITIES

Day: 3

Grade: 1
Activity: Nature walk

Grade: 2 (Eco-friendly club)
Activity: Planting and caring of plants

Grade: 3 (Eco-Friendly Club)
Activity - Sowing seeds

Grade: 4
Activity: Eco-Friendly Club - Bug Safari

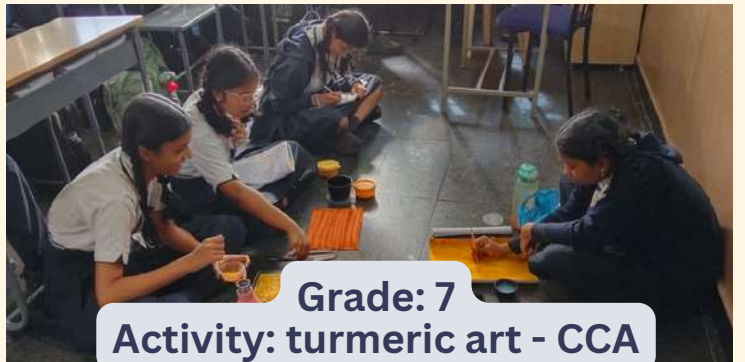

Grade: 5
Activity: Ergonomics and Posture Engineers activity

SCIENCE WEEK ACTIVITIES

Day: 3

Grade: 6
Activity: Non fire cooking

Grade: 7
Activity: turmeric art - CCA

Grade: 8
Activity: Entrepreneur on hydroponics

Grade: 10
Activity: Debate on "Should the use of plastic be completely banned?"

Raksha Bandhan Celebrations

The little ones of Pre-Primary celebrated Raksha Bandhan with great joy and enthusiasm. Dressed in beautiful traditional attire, the children participated in various activities related to the festival. The girls lovingly prepared colourful rakhis at school and tied them on the boys' wrists. The boys expressed their affection by offering chocolates to the girls. Teachers also explained the importance of Raksha Bandhan and the beautiful bond of love, care, and protection between siblings. It was a joyful and memorable celebration for our little ones!

THE POETRY CORNER

THEME: OUR NATION

High mountains touch the clear sky.
Deep rivers run, and fields go by.
Green trees and valleys look so grand.
This is my sweet and native land.

Many faces, voices, and creeds.
A single heart for noble deeds.
We stand as one through joy and rain.
Like flowers in the summer rain.

Our flag flies high in shining light.
To guide our steps and make our paths bright.
With peace and hope for all to see.
We build a future strong and free.

-Saamrat 7F

Our nation stands with pride and grace,
A grand and warm embracing place.
From mountains high to shining seas,
It breathes the air of liberty.

The fields of green and golden light
Stand strong against the darkest night.
Her ancient rivers softly sing
Of hope and joy that tomorrow brings.

Like stars that share a single sky,
Our diverse dreams together fly.
With united hearts we proudly stand,
To guard and love our native land.

-B. Lakshmi 7F

Echoes of Joy

Bonalu: A Celebration of Faith, Tradition and Telangana's Spirit

Bonalu, the vibrant state festival of Telangana, is a beautiful celebration of faith, gratitude and cultural heritage. Celebrated during the month of Ashada (July–August), the festival is dedicated to Goddess Mahakali and her local forms, including Yellamma, Pochamma, and Maisamma. The word Bonalu comes from Bonam, meaning a food offering to the Goddess.

The heart of the festival is the Bonam—a traditional offering of rice, jaggery, milk or curd, beautifully arranged in decorated brass or earthen pots. Women carry these pots adorned with turmeric, vermilion, flowers, neem leaves and lamps as they visit temples. Men add energy to the celebrations through processions, traditional drums and the lively performance of Pothuraju, the symbolic protector of the Goddess. Children enthusiastically participate in traditional attire, cultural programmes, prayers and devotional songs.

Bonalu is celebrated across Telangana, particularly in Hyderabad, Secunderabad, Warangal and other districts. Temples glow with colourful decorations, while vibrant processions bring communities together.

More than a festival, Bonalu is a living expression of Telangana's identity. It beautifully preserves age-old traditions and teaches us the values of faith, gratitude, unity and respect for our cultural roots.

The rhythm of the drums, the fragrance of flowers and the devotion of the people make Bonalu a truly unforgettable celebration.

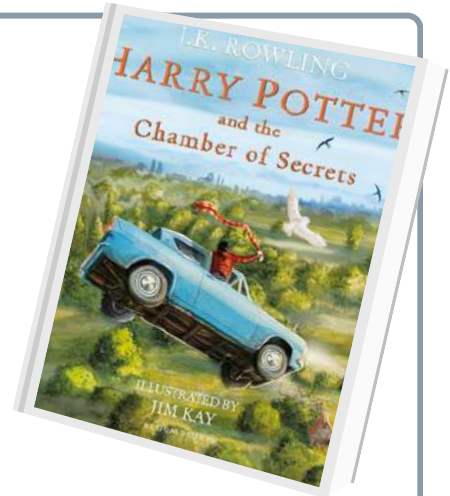

–P. Prerana Deepthi XD

BOOK REVIEW

HARRY POTTER and the Chamber of Secrets

- I like this book because it is full of magic, adventure and fun.
- I learned new words like Wizard – a person who does magic, Chamber – a special room, Mystery – something unknown, and Courage – being brave.
- I can draw the characters, make a magic wand and enjoy the story with my friends.
- Harry teaches me to be brave, helpful and never give up when I face problems.
- I really enjoyed this book because it helped me learn and have fun.

-M Ghogan Naithik Reddy IVD

Panchatantra Stories

My favourite book is Panchatantra Stories. It is a wonderful collection of interesting stories about animals, birds, and people. Each story is simple, enjoyable, and teaches us a valuable lesson. I love reading this book because the stories are funny, exciting, and full of adventures. My favourite story is "The Lion and the Mouse." It teaches us that even a small friend can be a great help and that we should always be kind to others.

Panchatantra Stories teaches us important values like honesty, kindness, friendship, courage, and helping others. Reading this book also improves my vocabulary and imagination.

I enjoy reading Panchatantra Stories in my free time. It is not only my favourite book but also like a good friend and teacher.

-Viyona Vedanshi IVD

SCIENTIFIC NEWS

Scientists find a simple routine linked to less pain and depression. Keeping a regular daily schedule may help reduce pain and depression, especially among older adults with insomnia (sleeplessness). Sitting up straight may improve your mood and decision-making. A simple change in posture may subtly boost your help you take Smarter risks. Participants who sat upright reported greater feelings of pride and took more successful risks in a virtual balloon game than those who hunched over, according to new research from McGill University. Researchers found that consistent times for walking, eating, socializing, and sleeping were linked to better well-being regardless of sleep quality. These routines may strengthen the body's internal clock and limit the disruptive effects of "Social jet lag". Waking up and going to bed at different timer on weekends compared to weekdays - and the disruptions it causes to our circadian rhythm (body clock).

NASA's Nancy Grace Roman Space Telescope is set to launch on August 30, opening a new chapter in the study of exoplanets, dark energy and the large-scale structure of the universe.

The observatory is designed to investigate some of the biggest questions in modern astronomy, including why the universe's expansion is accelerating and how galaxies and planetary systems have evolved. Its wide field of view will allow scientists to survey huge areas of the sky far more efficiently than the Hubble Space Telescope. NASA says Roman's field of view will be at least 100 times larger than Hubble's, allowing it to capture vast panoramic views of the cosmos. Roman is expected to discover thousands of planets beyond our solar system in the Milky Way.

The telescope was originally proposed in 2010 as the Wide Field Infrared Survey Telescope (WFIRST). It was later renamed the Nancy Grace Roman Space Telescope in honour of Nancy Grace Roman, NASA's first chief astronomer and one of the key figures behind the development of the Hubble Space Telescope. She is widely known as the 'mother of Hubble.'

VOICE OF INSPIRATION

My Persu Daddy, M. Morris, is a person who has always inspired me through his hard work, kindness and life experiences. As a student, I am excited to have this conversation with him and learn more about his journey, achievements, and valuable life lessons. I am happy to introduce my inspiration, my godfather.

By M. Samantha Gabriel IX-E

Samantha Gabriel: Good morning, Persu Daddy. Who inspired you when you were young?

Persu Daddy: My parents were my biggest inspiration. Their hard work taught me to be responsible and never give up easily.

Samantha Gabriel: What is your biggest achievement and why is it special to you?

Persu Daddy: Being able to take care of my family and give my children a good life is my biggest achievement. Seeing them happy makes my hard work worthwhile.

Samantha Gabriel: What challenges have you faced and how did you overcome?

Persu Daddy: I have faced many difficult times. I stayed calm, thought of solutions and kept moving forward instead of giving up.

Samantha Gabriel: What motivates you during difficult times?

Persu Daddy: My family is my biggest motivation. Their happiness and future give me the strength to keep going.

Samantha Gabriel: What advice would you give to children?

Persu Daddy: Enjoy your childhood, but take your studies and responsibilities seriously. Most importantly, be a good person and learn from your mistakes.

Samantha Gabriel: What habits have helped you become successful?

Persu Daddy: Discipline, responsibility and punctuality have helped me greatly. I also try to finish what I start and learn from my experiences.

Samantha Gabriel: Have you ever failed at something? What did you learn?

Persu Daddy: Yes. Failure is a good teacher. It showed me what I needed to improve and taught me never to give up.

Samantha Gabriel: What are your dreams for the future?

Persu Daddy: I dream of seeing my children happy, independent and successful. I also hope to spend more peaceful and happy moments with my family.

Samantha Gabriel: What makes you happy and fulfilled?

Persu Daddy: Seeing my family happy makes me happy. Simple moments together and watching my children achieve their goals make me feel proud and fulfilled.

Samantha Gabriel: Thank you for sharing your experiences and valuable advice with me. It was wonderful learning from your journey.

THE CLUB CHRONICLE

NURTURING YOUNG ENTREPRENEURS

In today's rapidly changing world, entrepreneurship is an essential skill that empowers young minds to become creative, confident, independent, and future-ready. Recognising this need, our school has introduced an *Entrepreneurship Club* to create awareness among students and inspire them to explore the exciting world of entrepreneurship.

As part of this initiative, the school organised a range of **entrepreneurship activities integrated with different subjects**. Students from various grades participated in engaging, activity-based programmes designed to help them understand the qualities and skills required to become successful entrepreneurs.

Through these activities, students explored important entrepreneurial qualities such as *creativity, innovation, leadership, decision-making, communication, teamwork, problem-solving, risk-taking, and perseverance*. They were encouraged to think differently, identify problems around them, and develop simple, practical, and innovative solutions.

The activities also helped students understand how an idea can be transformed into a *product or service that creates value and benefits people*. Working in teams encouraged them to share ideas, take responsibility, make decisions, overcome challenges, and learn from one another.

The Entrepreneurship Club's activities were not only informative but also *interactive, enjoyable, and inspiring. Through such initiatives, our school aims to nurture **young thinkers, innovators, problem-solvers, and future entrepreneurs* who are confident enough to turn ideas into action and contribute positively to society.

Every great venture begins with an idea, and every great idea begins with the courage to think differently.

Rainbow in Glass

Have you ever wondered why some liquids float on top of others instead of mixing together?

I performed a colourful science experiment called Rainbow in a Glass with the help of my parents. Through this activity, I learned about an interesting scientific concept called density, which we study in our science classes. Let me explain how

Step 1: Preparing the Sugar Solutions : I took five glasses and added different amounts of sugar to each one. Then I poured equal amounts of water into the glasses and stirred well until the sugar dissolved completely.

Step 2: Adding Colours : I added a different food colour to each glass, making every sugar solution a unique colour.

Step 3: Layering the Liquids : Using a spoon, I slowly poured each coloured solution into a single transparent glass. I poured very carefully so that the liquids did not mix.

Step 4: Formation of the Rainbow : As each solution settled, colourful layers formed one above the other, creating a beautiful rainbow inside the glass.

The amount of sugar dissolved in water changes its density. Solutions with more sugar are denser and settle at the bottom, while those with less sugar are lighter and remain on top. This difference in density allows the colourful layers to stay separate.

Conclusion

This fun experiment helped me understand the concept of density in an enjoyable and practical way. It showed me that science is all around us and can be explored through simple activities at home.

I hope you will also try this experiment and discover how science makes everyday activities exciting!

Students' Reflection

From Performance to Vote of Thanks: My Independence Day Experience at School

The Independence Day celebrations at our school were a wonderful and memorable experience. The entire programme was excellently organised, and every performance reflected the hard work and dedication of the students and teachers. I especially appreciated the initiative taken by our teachers, who encouraged us to participate actively and confidently. Their guidance and support helped make every performance successful, while the enthusiasm of the students and excellent coordination made the programme truly enjoyable. I was fortunate to be a part of the celebration by delivering the Vote of Thanks. It was a special experience that gave me an opportunity to express my gratitude to everyone who contributed to the event's success.

Overall, the celebration not only commemorated our freedom but also brought us together to participate, showcase our talents and celebrate our nation. I am proud to have been a part of it.

Pride and Patriotism: Our School's Unforgettable Independence Day Celebration

Independence Day is celebrated across India with great pride and patriotism, commemorating our freedom from over two centuries of British rule. The Independence Day celebration at my school was an unforgettable and memorable experience. The programme began with the flag hoisting by our esteemed Principal Sir, followed by the National Anthem sung by the entire school, creating a strong sense of unity. The Grade 8 welcome dance was beautiful and mesmerizing. The drill and skating performances left everyone awestruck. Our Counsellor Ma'am's inspiring words added meaning to the celebration. The dramatic scenes depicting India's struggle for freedom were the highlight of the programme. Patriotic songs and our Principal Sir's motivational speech further inspired us. The programme concluded with the announcement of group results and sweets distribution. Overall, it was a joyful and memorable event that filled me with immense pride in being an Indian.

Parents' Reflection

A Journey of Gratitude and Growth

Choosing Genesis School for our son, Gowtham, has been one of the best decisions we have made. He joined the school in Class I and is now studying in Class VIII. Over the years, we have watched him grow into a confident, disciplined and responsible student. The school has encouraged him to discover his strengths, explore his interests, and develop his talents. Gowtham has a keen interest in drama and music, and we are grateful for the opportunities and guidance he has received in these areas. The school's focus on academics, creativity and co-curricular activities has helped him become a well-rounded individual. We sincerely appreciate the Principal, teachers and staff for creating a caring and inspiring environment where every child is encouraged to learn, grow and excel. We feel truly fortunate to be part of the Genesis School family and cherish this meaningful journey with gratitude and pride.

-Parents of Chandhra Gowtham Krishna Reddy VIIIB

Growing with Confidence and Values

As parents, we are happy to reflect on our child's journey at Genesis School. Since joining the school, our child has shown remarkable growth in confidence, responsibility, and attitude towards learning. The school encourages students to learn with curiosity, respect others and actively participate in various activities. Along with academic knowledge, our child has developed discipline, teamwork, communication skills and self-confidence.

We sincerely appreciate the dedication of the teachers, who guide every student with patience, care and encouragement. Their constant support has helped our child overcome challenges and believe in their abilities. We are grateful to the Principal, teachers, and staff for creating a safe, friendly and inspiring learning environment.

Genesis School has become an important part of our child's growth. We feel proud and fortunate to be part of the Genesis family and are thankful for the values and opportunities our child receives every day.

TEACHER'S TIPS

**తెలుగు భాషను నేర్చుకుందాం
- సాధనతో సాధిద్దాం!**

MRS. SHIRISHA
TELUGU DEPARTMENT

భాష మనిషి భావాలను, ఆలోచనలను, అభిప్రాయాలను
ఇతరులకు తెలియజేసే ముఖ్యమైన సాధనం.
భాష కేవలం సంభాషణ సాధనం మాత్రమే కాదు; అది
మన సంస్కృతి, జ్ఞానం, భావోద్వేగాలకు వారధి. భాష
ఏదైన సాధన ముఖ్యం.

తెలుగు భాష నేర్చుకోవడానికి , తెలుగు
మాటలను శ్రద్ధగా విని అర్థం చేసుకోండి. తెలుగు
అక్షరాలు, పదాలు, వాక్యాలు రాయడం సాధన
చేయండి. చిత్రాలను చూసి వాటి పేర్లు రాయడం,
వాటిని మాటల ద్వారా వర్ణించడం అలవాటు
చేసుకోండి.

తెలుగు కథలు, పుస్తకాలు, వార్తాపత్రికలు
చదవండి. పద ఆటలు, పదబంధాలు, పజిల్స్
ద్వారా భాషలో ప్రావిణ్యం పొందవచ్చు.
మనస్సుకు నచ్చిన అంశాల పై చిన్న-చిన్న
కవితలు, వ్యాసాలు రాయడానికి
ప్రయత్నించండి.

వినడం → మాట్లాడడం →
చదవడం → రాయడం అనే
క్రమంలో సాధన చేస్తే తెలుగు
భాషను సులభంగా నేర్చుకోవచ్చు.

ప్రియమైన విద్యార్థులకు చివరగా
ఒక మాట-
"సాధన మన నైపుణ్యానికి పదును
పెడుతుంది. నిరంతర సాధనే
విజయానికి మొదటి మెట్టు."

"నిరంతర సాధనే విజయానికి మొదటి మెట్టు"
