JUNE 2026

HAPPY INTERNATIONAL YOGA DAY

EDITORIAL

New Beginning

Dear Students, Parents, Teachers, and Well-wishers,

Welcome to the new academic session! It is a pleasure to begin another year filled with hope, learning, and new opportunities.

The session commenced on 1st June with five days of enriching teacher empowerment workshops, followed by our Foundation Day celebration on 6th June. Classes began for Grades IX and X on 11th June and for the remaining classes on 15th June, with students and teachers quickly settling into a vibrant learning routine.

June was a busy and exciting month, marked by a variety of co-curricular activities, inspiring morning assemblies, and the celebration of International Yoga Day on 21st June. Literary Week provided students with engaging opportunities to strengthen their language skills through creative activities.

Recognizing the importance of a strong partnership between school and home, we also conducted an online counselling session for parents of Nursery to Grade II students on the topic, “Effective Parenting,” which offered valuable insights into nurturing young learners and supporting their holistic development.

We are proud to recognize the achievements of our students in NCC and other competitions. Equally encouraging has been the enthusiastic participation in hands-on classroom activities that make learning meaningful and enjoyable.

As we move ahead, let us continue to learn with curiosity, grow with confidence, and work together to make this academic session a rewarding and memorable one.

Best wishes for a wonderful year ahead!

Letters from the Heart

Reflections on Raising Children

Letter 1 – A New Beginning

“Every child who walks into a classroom carries an invisible world within them. If we learn to see that world, education becomes more than teaching—it becomes a relationship.”

Dear Parents,

As another academic year begins, I find myself standing once again in the corridors of a school, watching children walk into their classrooms.

Some walk in with excitement, some with curiosity, some with anxiety hidden behind a smile, some quietly hoping that this year will somehow be kinder than the last.

Over the past few months, I have had the privilege of interacting with hundreds of students, parents and teachers. I entered schools thinking I would teach emotional well-being. Instead, I discovered that the children were teaching me.

Behind every “slow learner” is often a child who simply needs someone to walk with them patiently. They also reminded me that parents today are carrying burdens that previous generations never had to. Balancing careers, family responsibilities, technology, academic expectations and an ever-changing world is not easy. Most parents are trying their best with the knowledge they have.

Teachers too are carrying responsibilities far beyond completing the syllabus. Every day they become educators, counsellors, mediators, motivators and sometimes the safest adult in a child’s life. As I listened to all these voices, I realized something beautiful.

Children do not expect perfect parents.

Every month, I will be sharing reflections inspired by real conversations with children, parents and teachers. Their identities will always remain confidential, but the lessons they teach us are too valuable to remain inside counselling rooms or school walls.

If these reflections help even one family have a more meaningful conversation, one teacher look at a child differently, or one parent pause before reacting, I will feel these letters have served their purpose. As we begin this academic year together, let us make one promise. Before we ask our children to become better students, let us first help them become emotionally secure human beings. A child who feels emotionally safe grows with courage. And a child who grows with courage can face not only examinations—but life itself.

This Month’s Reflection

For Parents:

Before your child sleeps tonight, ask only one question:

“**What was the best part of your day?**”

Listen without interrupting.

You may learn more about your child in five minutes than you have in the past five months.

With warmth

ACHIEVEMENTS

Tejal Naidu Ravada has been selected to represent the Telangana U18 State Basketball Team at the 76th National Basketball Championship in Puducherry. Earlier, she contributed to Medchal-Malkajgiri district's impressive 3rd-place finish in the 10th Telangana U18 Inter-District Tournament.

Suma Lasya of Grade 9A, received appreciation Award in Kuchipudi performance conducted by SLB Kuchipudi Kala Nilayam at Ravendra Bharathi.

K Akshitha, 8C, won 1st prize in running competition conducted by AT Academy

Myrah Jerusha K of Grade 3B, participated in the Guinness World Record keyboard performance and was recognized among the 777 outstanding students for her talent and dedication.

M Aaradhya of Grade 8A, Received Gold Medal in KARATE tournament.

ACHIEVEMENTS

Various ranks were awarded to NCC cadets based on successful completion of training, participation in Annual Training camps (ATCs), achievements and medals earned during camps, discipline and overall performance.

Lance Corporal(LCPL)

- Regimental No. TS2025JWIA0290083 - Cadet K. Srithanvi
- Regimental No. TS2025JWIA0290097 - Cadet T Nisica Reddy
- Regimental No. TS2025JWIA0290084 - Cadet Asritha P
- Regimental No. TS2025JWIA0290067 - Cadet Ch. Parnav sri Pradhyumn
- Regimental No. TS2025JWIA0290080 - Cadet P Jaydev
- Regimental No. TS2025JWIA0290074 - Cadet S Puneeth
- Regimental No. TS2025JWIA0371206 - Cadet V Deekshitha
- Regimental No. TS2025JWIA0370455 - Cadet R Sravya
- Regimental No. TS2025JWIA0370198 - Cadet G Nirvigna

Sergeant(SGT)

- Regimental No. TS2025JWIA0290086 - Cadet K. Yowha Sri

Corporal(CPL)

- Regimental No. TS2025JWIA0370453 - Cadet T Lyvia

Camp Medal Achievements

- Cadet snigda - Bronze metal in Poster Making
- Cadet Nirvigna - 2nd Prize in Essay Writing
- Cadet Shrestritha - Received 2 medals in Kho-Kho & Firing
- All the NCC cadets secured 2nd place in Line area competition.

NCC Camp Highlights

Our NCC cadets have successfully participated in the NCC 10 Days Training Camps conducted in different locations as part of the NCC training program.

📌 Camp Details:

ATC-II Camp – DPS Nacharam (4th May to 13th May)

ATC Camp – Sujatha School, Moinabad (14th May to 23rd May)

During the camp period, cadets showed great enthusiasm, discipline, and teamwork and actively participated in various activities and competitions, showcasing excellent performance in all areas. They also visited CISF and gained valuable knowledge and experience about discipline, security, and national service.

🏆 Achievements of Our Cadets:

- * Drill Competition
- * Best Cadet Awards
- * Debate Competition
- * Running Races
- * Tug of War
- * Cultural Events
- * Poster Making
- * Line Area Competitions

Our cadets brought pride to the institution by winning several trophies and medals through their outstanding performances in different events.

We sincerely thank our respected Principal Sir, HM Ma'am, and all staff members for their continuous support and encouragement to the cadets in every activity.

Special thanks to Director Sir for his valuable guidance and support towards NCC activities at all times.

👏 Congratulations to all NCC Cadets for their dedication, discipline, and achievements.

Thank You.

-Y.Anil
2nd Officer(NCC)

Teachers' Workshops

In the first week of June, the school management organised a series of professional development workshops for teachers from all branches to enhance their knowledge and teaching practices. The sessions focused on modern educational approaches, effective classroom management, student engagement, assessment techniques, and personal growth. Resource persons from diverse educational backgrounds shared valuable insights and practical strategies. The interactive nature of the workshops encouraged collaboration, discussion, and the exchange of ideas among participants.

FOUNDATION DAY GENESIS ZELE

ZELE- Celebrating 19 Years of Excellence

The 19th Foundation Day of our institution, ZELE 2026-27, was celebrated with great pride and enthusiasm. The occasion brought together the management and staff members from all seven branches, making it a memorable gathering of the Genesis family. The celebration reflected the institution's remarkable journey, unwavering commitment to excellence, and shared vision for the future. Inspiring addresses by the management motivated everyone to continue striving for innovation, dedication and holistic growth. A special highlight of the event was the introduction of Bal Vikas, an initiative that reinforces the school's commitment to nurturing values, character and holistic development alongside academic excellence. The celebration concluded with renewed inspiration and a collective commitment to reaching even greater milestones in the years ahead.

International YOGA DAY

21 JUNE

Yoga Day Celebration

International Yoga Day was celebrated with great enthusiasm. Students of Grades 9 and 10 participated in a special session led by renowned Yoga Trainer Ms. Anjali Jamadar. She demonstrated several easy, enjoyable, and effective yoga poses, encouraging students to adopt yoga as a daily practice. In the primary classes, teachers demonstrated simple yoga asanas and explained the importance of yoga in maintaining good health and improving focus. The children enjoyed observing and learning the basic poses.

HAPPY *Father's* DAY

The primary children celebrated Father's Day with excitement and love. Teachers highlighted the importance of the occasion, after which the children thoughtfully created handmade greeting cards for their fathers. They joyfully expressed their affection and gratitude through this special activity.

The Pre-Primary students celebrated Pink Colour Day on 24th June (Wednesday). It was a delight to see the children bloom and blossom in different shades of pink. The little ones came dressed in pink attire and brought pink-coloured toys to school.

Various pink-coloured objects were displayed in the classrooms, and the children were introduced to different shades of pink. The bulletin boards were beautifully decorated with creative displays highlighting the significance of the colour pink. The children learned that the colour pink symbolizes love, beauty, and kindness. They were also excited to discover that pink is made by mixing red and white. The celebration was both fun and educational, and the objective of Pink Colour Day was successfully achieved.

Smart Bandage Can Detect Infections

Scientists have developed an innovative *smart bandage* that can detect infections in wounds and release medicine only when it is required. Unlike ordinary bandages, this advanced dressing contains tiny sensors that continuously monitor the condition of a

wound. These sensors can detect early signs of infection, such as harmful bacteria, changes in temperature, or abnormal chemical levels. Once an infection is identified, the bandage automatically releases the right amount of medicine directly to the affected area. This targeted treatment helps wounds heal faster, reduces pain, and prevents the unnecessary use of antibiotics, which is important in the fight against antibiotic resistance. Researchers believe that this breakthrough will be especially beneficial for people with diabetes, elderly patients, and those recovering from surgeries or serious injuries, as they are more likely to develop wound infections. Smart bandages could also reduce the number of hospital visits and make home healthcare safer and more effective. This remarkable invention is a major advancement in medical science. It combines healthcare with modern technology, offering a smarter, faster, and more efficient way to treat wounds. Scientists hope that smart bandages will soon become widely available, improving the quality of life for millions of patients around the world.

-Parnav Sri Pradhyumn, IXB

Hands-on-Science with Family

Fat Fraction Lab

Have you ever wondered how ghee is obtained from milk?

This summer, I tried making ghee with the help of my parents. This made me realize that many scientific processes are involved in making ghee—concepts that we have learned in our science classes. Let me explain how:

Step 1: Collection of Cream

We collected and stored cream from boiled milk for a week.

Step 2: Churning

The cream was then transferred into a container and was stirred vigorously using a mechanical churner.

Step 3: Separation and Decantation

After vigorous churning, the fat globules separated from the cream, forming butter.

Step 4: Evaporation

The fat globules were then placed in a pan over a low flame. As the butter melted, the water present in it reached its boiling point and turned into water vapour, causing rapid bubbling.

Step 5: Sedimentation and Floatation

Once the water had evaporated, the mixture began separating based on density. A low-density foam floated to the top, while the denser milk solids settled at the bottom of the pan and turned brown. The pure ghee remained in the middle as a clear, golden liquid. The foam gradually disappeared as the remaining water evaporated.

Step 6: Filtration

The warm mixture was then poured through a strainer into a container to separate the ghee from the milk solids. The filtered ghee can be stored for several months.

This experience helped me understand how science is present in our everyday lives.

I hope you will also observe the science around you and connect what you learn in the classroom with daily life activities.

-Medavarapu Shanmukha Teerta VIIIB

Voice of INSPIRATION

My name is Matta Mahasri, and I am a student of Grade X-B. The person who inspires me the most is my father. Through this interview, I would like to share his journey, values, and the lessons I have learned from him.

By **Matta Mahasri (X-B)** and **M.V.S.S. Narayana (Father)**

Mahasri: Good morning, Dad! I would like to interview you about your life. My first question is: How did your life journey begin?

Dad: Good morning! My journey began with simple dreams and limited resources. Life wasn't easy, but I chose to move forward with hard work, determination, and hope, along with the support of my family.

Mahasri: What motivated you to keep moving forward in life?

Dad: My family has always been my biggest motivation. Their happiness and future gave me the strength to work hard and became the reason I never gave up.

Mahasri: What is the one achievement you are most proud of?

Dad: I am proud that I started my life's journey from zero and reached a stage where I can support my family and bring happiness to the people I love.

Mahasri: How do you stay calm and keep smiling even during difficult situations?

Dad: I believe that anger never solves problems. It is my nature to stay calm, think quietly, and face challenges with patience and a positive attitude.

Mahasri: What message would you like to give to students and young people?

Dad: Believe in yourself, work hard, and never lose hope. Success may take time, but dedication and perseverance will always lead you in the right direction.

Mahasri: Thank you for sharing your inspiring journey with me, Dad. I am proud of you!

Dad: Thank you, my child. Your love, hard work, and respect mean the world to me.

My father's journey reminds me that hard work, patience and determination can turn dreams into reality.

Voice of INSPIRATION

My name is Yakkally Yashmith Sai Nikhil, and I am a student of Grade X-B. Rick Riordan is one of my favourite authors and an inspiration to many young readers. Through this imaginary interview, I would like to share his journey and ideas with everyone.

By Yakkally Yashmith Sai Nikhil(X'B)

Yashmith: You were a teacher before becoming a full-time writer. Why did you decide to leave teaching?

Rick Riordan: I loved teaching, but after the Percy Jackson series became successful, my writing commitments increased significantly. I was required to write multiple books each year, and I realized I could not give both my students and my writing the attention they deserved. So, I made the difficult decision to focus on writing.

Yashmith: Did your students know that you were writing books? What was their reaction?

Rick Riordan: Yes, most of them knew. They thought it was exciting and often asked me to include them as characters in my stories. They also enjoyed teasing me about the length of my writing assignments!

Yashmith: How did you come up with the idea for Percy Jackson?

Rick Riordan: The idea came from my son. He loved listening to Greek myths at bedtime. When I ran out of stories, he asked me to create a new one. That is how Percy Jackson and his adventures were born.

Yashmith: Why did you give Percy and other characters ADHD and dyslexia?

Rick Riordan: My son had those learning differences, and I wanted children to see them as strengths rather than weaknesses. I hoped the books would encourage young readers facing similar challenges.

Yashmith: Have you visited Greece or Italy, the places connected to many of the myths in your books?

Rick Riordan: Interestingly, I visited those countries only after I had written the Percy Jackson series. I believe myths are universal stories that can inspire people anywhere in the world.

Yashmith: Thank you for sharing your thoughts and experiences with us.

Rick Riordan: Thank you. It was a pleasure speaking with you.

This conversation shows how imagination, perseverance and a love for storytelling can inspire millions of readers around the world.

Echoes of Joy

A celebration to Remember

Ugadi --- the Festival of New Beginning

Ugadi arrives with the fragrance of flowers and the promise of a bright new year. It teaches us to welcome every moment of life with joy, courage, and gratitude. The colourful rangolis and festive celebrations fill our heart with happiness and hope. Ugadi reminds us to cherish our culture, traditions, and family bonds. May this auspicious festival inspire us to dream big, work hard, and shine like the sun. Ugadi is not just a festival; it is the celebration of hope & new beginnings.

-A.Vivaan 4B

The Spiritual Significance of Vinayaka Chaviti

Vinayaka Chaviti marks on the birth of Lord Ganesha. It is celebrated by Hindus. It is also popularly celebrated in Mumbai. It is also a very well-known festival for the Hindus. Vinayaka Chaviti is a time for both joyful community and deep inward reflection. The festival invites us to look past the colorful processions and focus on the spiritual and practical lessons of Lord Ganesha; Wisdom, Perseverance and the ultimate impermanence of life.

-G. Raghu Nehaansh 4B

The Poetry Corner

Back to SCHOOL

The day has come
"I'm back" I say.
I found my seat
And start the day.

Sharpened pencil,
Big, big grin.
I just can't wait
To drive on in!

My teacher looks like
So much fun.
My learning here
Has just begun.

I'll meet new friends
And old ones, too.
I'm feeling GREAT!
How about you?

-G.Thanvik 5B

Summer vacation was happy and bright,
Everyday was filled with joy and delight.

I played in the park and had lots of fun,
Running and laughing under the sun.

I went to grandma's house for a stay,
And played with my cousins every day.

Back to school, it's time to go,
With happy hearts and faces that glow.

New books, new friends and lots to learn,
For fun and knowledge, we all return.

-N. Shriya 5B

Students' Reflection on the School Event

Lessons Beyond the Classroom..

My recent school days have been a mix of learning, activity, and new experiences. English literary week was a wonderful learning experience for me. I learned many new things from my teacher and classmates. School helped me improve my knowledge, communication skills, and confidence. I enjoyed participating in different activities and studying with my friends. These experiences taught the importance of teamwork, discipline and responsibility. I feel grateful for the opportunities I get at school and I look forward to learning more in the future.

-JASMITHA 6B

Literary Week: Building Confidence and Skills

Literary Week was a fun and educational experience. I participated in different activities like speeches, quizzes, spelling competitions, and creative writing. These activities helped me improve my vocabulary, pronunciation, and confidence in speaking English. I also learned the importance of teamwork and communication while interacting with my classmates. The week made learning English enjoyable and encouraged me to use the language more confidently in my daily life. Overall, Literary Week was a memorable experience that inspired me to keep improving my English skills.

-MAANVITHA 6B

Parents' Reflection

Growing with Confidence and Excellence

We are delighted with our decision to admit our daughter, Thanu Sri, to Genesis School in Grade-8. Now in Grade 10, she has shown remarkable growth in academics, confidence, discipline and overall personality. Though she was initially hesitant as a new student, the teachers made her feel welcomed and encouraged her to participate actively in both academics and extracurricular activities. Recognising her interest in sports, they motivated her to take part in Kho-Kho. We sincerely appreciate the school management and staff for providing a positive learning environment that fosters excellence in both education and sports. We are truly grateful to Genesis School.

**-Parents of G. Thanu Sri,
XB**

Thriving Through Freedom and Support

Watching our daughter grow into a dedicated and confident student fills our hearts with pride. As parents, we have always believed in giving her the freedom to enjoy a happy childhood without unnecessary academic pressure. This approach has helped her become independent, responsible, and eager to learn. We sincerely thank the school management and her wonderful teachers for creating a positive and nurturing environment. Their patience, encouragement and constant support have played a vital role in building her confidence and bringing out the best in her. We are truly grateful to be a part of this wonderful school community.

-Parents of Pragna, XB

TEACHER'S TIPS

GET TO KNOW

हिंदी सीखने के सरल उपाय

हिंदी वर्णमाला के स्वरों और व्यंजनों का सही उच्चारण सीखें।
प्रतिदिन हिंदी समाचार-पत्र, कहानियाँ और प्रेरणादायक पुस्तकें पढ़ें।
हिंदी गीत सुनें तथा हिंदी समाचार और टीवी कार्यक्रम देखें।
नए हिंदी शब्दों को रोज़मर्रा की बातचीत में प्रयोग करें।
नए शब्दों से वाक्य बनाने का अभ्यास करें।
डिजिटल डिक्शनरी और हिंदी सीखने वाले मोबाइल ऐप्स का उपयोग करें।
आईने के सामने खड़े होकर हिंदी बोलने का अभ्यास करें।
गलतियों से न डरें और आत्मविश्वास के साथ हिंदी बोलें।
परिवार और मित्रों के साथ अधिक से अधिक हिंदी में बातचीत करें।
हिंदी में छोटी-छोटी कहानियाँ और कविताएँ पढ़ें।
प्रतिदिन **5-10** नए हिंदी शब्द सीखें और उन्हें याद रखें।
हिंदी में डायरी लिखने की आदत डालें।
हिंदी भाषण, वाद-विवाद और कविता-पाठ जैसी गतिविधियों में भाग लें।
हिंदी बोलने वालों के साथ अधिक समय बिताएँ और उनकी भाषा-शैली को समझें।
नियमित अभ्यास, धैर्य और रुचि के साथ हिंदी भाषा में निपुण बनें।

"नियमित अभ्यास, आत्मविश्वास और रुचि ही हिंदी सीखने की सफलता की कुंजी हैं।"
