THE WORLD OF KNOWLEDGE

Genesis World School Newsletter

There are two things we should give our children

Roots and Wings

Edition: June 2026

Volume: 1 | Issue: 2

Vision

To create an education system that inspires excellence in learning and promotes physical, intellectual, emotional and social well being of students with a focus on character building and value orientation.

Mission

We believe that learning in the 21st century is continuous building of skills and knowledge. Students need to learn how to cope with rapid changes of present and future. Hence, students are encouraged to acquire and develop “the four pillars of learning” -

Learning to Know | Learning to Live Together | Learning to Do | Learning to Be

Core Values

Excellence | Innovation | Empathy | Integrity | Patriotism | Devotion

Contributions: Ms. Trisha Chakraborty, Ms. Uma Amrutha

From the Principal's Desk

"Every new beginning carries the promise of endless possibilities."

I find myself reflecting not on how much we have accomplished, but on the countless little moments that have already begun shaping our children's journeys. A smile at the school gate, a new friendship formed, a question asked with curiosity, a story read with wonder, a teacher's word of encouragement, these seemingly small moments are the true building blocks of education.

From welcoming our children back to school, engaging with parents, celebrating important occasions, strengthening safety measures, and embracing technology, every initiative has been

initiative has been guided by one simple belief - that every child deserves an environment where they feel safe, valued, challenged, and inspired.

Education is not merely about preparing children for examinations; it is about preparing them for life. Together, as educators and parents, we have the privilege and responsibility of nurturing compassionate hearts, curious minds, resilient spirits, and responsible citizens.

I sincerely thank our parents for their trust, our teachers for their unwavering dedication, and our students for filling our campus with joy and enthusiasm each day. As we move forward, let us continue this journey together, with open minds, kind hearts, and a shared commitment to helping every child discover their fullest potential.

Warmly,
Trisha Chakraborty

A United Beginning – 1st June

The new academic year commenced with an inspiring gathering of over 500 educators from all Genesis schools, united under one vision of excellence in education. The day began with a soulful prayer, followed by the presence and motivating address of our Chairman and Directors, who reaffirmed our shared commitment to nurturing every learner.

The gathering featured engaging and thought-provoking professional development sessions that equipped teachers with fresh perspectives, innovative teaching strategies, and renewed enthusiasm for the year ahead. It was a truly energising start, celebrating collaboration, continuous learning, and the collective spirit that defines the Genesis family.

Celebrating 19 Years of Excellence – 6th June

On 6th June, we proudly celebrated the 19th Foundation Day of the Genesis Group of Schools, a milestone that reflects nearly two decades of nurturing young minds with passion, purpose, and excellence.

As Genesis World School embarks on its own journey, we extend our heartfelt gratitude to every parent who has placed their trust in us. Your confidence and partnership inspire us to create yet another meaningful chapter in the Genesis legacy.

We express our deepest appreciation to our respected Chairman, Mr. Jayapal Reddy, whose vision, unwavering commitment, and generous support have given us not just a magnificent campus, but a vibrant space where young hearts are nurtured, curious minds are ignited, and future leaders are shaped.

Together, we celebrate our past, embrace the present, and look forward to building an even brighter future for every child entrusted to our care.

Mr. Jayapal Reddy, Chairman- Genesis Group of Schools

Investing in Our Educators

Learning never stops for teachers. Throughout the month, our staff engaged in meaningful professional development sessions focused on Non-Violent Communication (NVC), exploring ways to build stronger relationships through empathy, respectful dialogue, and active listening. The team also participated in collaborative discussions studying practices from some of the world's best schools. By analysing innovative approaches to teaching, learning, and school culture, we continue to strengthen our own practices and ensure that our students benefit from global perspectives while remaining rooted in our values.

Parent Orientation – 13th & 20th June

At Genesis World School, we believe that a child's success is built on a strong partnership between home and school. Our Parent Orientation sessions on 13th and 20th June were designed not only to familiarise parents with the school's vision, learning approaches, classroom expectations, and academic processes, but also to introduce SETU, our initiative that serves as a bridge between school and home.

Derived from the Sanskrit word meaning *bridge*, SETU reflects our commitment to fostering trust, open communication, and shared responsibility in every child's educational journey. Through this initiative, we aim to create meaningful partnerships where parents and educators work together to nurture children's intellectual, emotional, social, and moral development.

As We Meet Again - 15th June

The school reopened with smiling faces, renewed enthusiasm, and the excitement of meeting our young friends. Classrooms came alive as children settled into their new learning spaces, met their teachers and friends, and began another year of discovery. Our focus from Day One has been to ensure that every child feels welcomed, safe, and inspired to learn.

Our tiny Nursery children truly made our day as they stepped into Genesis World School for the very first time. Some arrived with bright smiles and eager curiosity, some held on tightly to their parents, while others expressed their emotions through a few heartfelt tears. Every smile, every hug, and even every tear marked the beginning of a beautiful new journey.

As the days have passed, we have watched them grow in confidence, making new friends, exploring their classrooms, and slowly settling into their routines. While a few are still negotiating with their lunch boxes and saying a reluctant goodbye at the school gate, each day brings a little more courage, a little more independence, and a little more joy. We are privileged to be a part of these precious first milestones and look forward to watching every child blossom in the months ahead.

World Music Day – 18th June

Music has the power to inspire, unite, and uplift. Our World Music Day celebrations introduced students to the joy of rhythm, melody, and creative expression through performances and interactive activities. The celebration reminded everyone that music is a universal language that connects hearts across cultures.

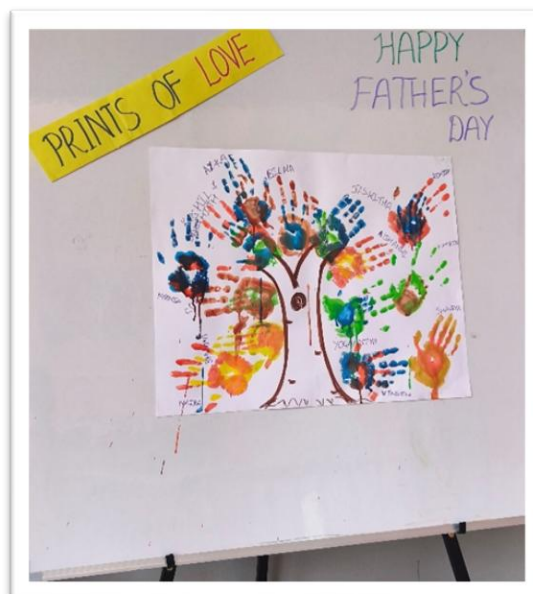

Yellow Day – 19th June

Our youngest learners brightened the campus as they celebrated Yellow Day. Through engaging hands-on activities, songs, stories, art, and interactive games, children explored the colour yellow while strengthening their observation, communication, and fine motor skills. The day was filled with sunshine, smiles, and meaningful learning.

Father's Day Celebration – 20th June

Father's Day was celebrated with warmth and gratitude as students expressed their love and appreciation for their fathers through thoughtful activities, handmade creations, and heartfelt messages. The celebration recognised the invaluable role families play in nurturing every child's growth and confidence.

International Yoga Day – 24th June

To promote physical and emotional well-being, students enthusiastically participated in Yoga Day activities. Guided sessions introduced children to simple yoga postures, breathing techniques, and mindfulness practices and encouraging healthy habits.

Learning About Muharram – 24th June

Our morning assembly provided students with an age-appropriate understanding of the significance of Muharram, helping them appreciate its historical and cultural importance. Such assemblies nurture respect for diverse traditions and reinforce our commitment to building an inclusive community where every culture is valued.

Safety Session – "Mine and Others" – 30th June

Creating safe and responsible learners is one of our priorities. Students participated in an engaging session on "**Mine and Others**," where they learnt about personal safety, respecting boundaries, recognising safe and unsafe situations, and seeking help from trusted adults whenever needed. The session empowered children with practical knowledge. The safety and well-being of every child continue to remain our highest priority.

As part of our commitment to student safety, we have introduced *GPS tracking* in our school buses. This enables parents to monitor the real-time location of the bus, providing greater convenience, transparency, and peace of mind during daily commutes.

One Helmet for you. One Helmet for your child.
No excuses, no regrets.

Throughout the month, we shared a series of important safety advisories with parents, reinforcing that creating a safe environment is a shared responsibility between home and school.

Our communications covered essential aspects such as safe arrival and dispersal procedures, responsible use of school transport, the importance of punctuality, supervising children during pick-up and drop-off.

As part of our road safety initiative, we also urged all parents and guardians to wear helmets while riding two-wheelers, regardless of the distance travelled. Children learn best by observing the adults around them, and by modelling safe behaviour, we reinforce lifelong habits of responsibility and care.

Introducing Our School App – Staying Connected, Anytime, Anywhere

We are delighted to introduce our *School App*, a step towards making communication between school and home more seamless, efficient, and transparent. The app serves as a one-stop platform where parents can stay updated with school circulars, attendance, homework, academic updates, event notifications, photographs, and important announcements, all at their fingertips. We will be introducing additional features in phased manner.

Designed to strengthen the home-school partnership, the app ensures that parents remain actively involved in their child's educational journey while receiving timely information and updates. We encourage all parents to make full use of the app as we continue to enhance communication and provide a more connected learning experience for our school community.

The Friday Fold Initiative

Learning doesn't stop at the classroom door, it continues at home through curiosity, conversations, and meaningful experiences. The Friday Fold is our weekly take-home initiative for Grades I to VII, designed to strengthen the connection between school and home through engaging, hands-on activities.

Thoughtfully curated for every grade level, these activities encourage children to observe, explore, create, think critically, and spend quality learning time with their families. More than just a worksheet, *The Friday Fold* is an opportunity for children to apply classroom learning to real-life situations, nurturing creativity, independence, and a lifelong love for learning.

GWS on Air!

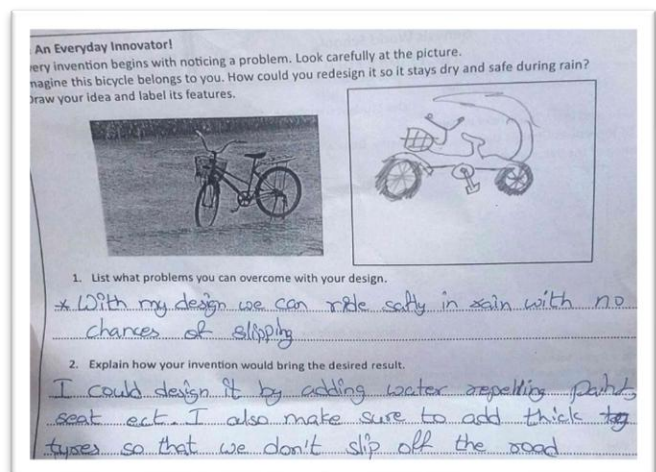

Our students have stepped behind the microphone to create engaging audio presentations as part of our RJ initiative through The Friday Fold. We invite you to scan the QR code and experience their enthusiasm, confidence, and growing communication skills.

Every voice tells a story, enjoy listening to our young broadcasters! These are without any edits.

A **design thinker**, first starts with observation.

Trisha - Grade V

Yash - Grade VII

In the middle of all this, here is a reflection straight from the heart of a teacher.

My Journey at Genesis World School

Joining Genesis World School in April 2026 has been a truly fulfilling and inspiring journey. As a Science, Makers, and Digital Time teacher, I have had the privilege of nurturing curiosity, creativity, and problem-solving skills in young learners while discovering new ways to make learning meaningful and engaging.

Every day at Genesis presents fresh opportunities to learn, innovate, and grow. The unwavering support of our leadership team and the collaborative spirit of my colleagues have encouraged me to evolve not only as an educator but also as a lifelong learner. The joy of watching students explore, question, create, and develop confidence makes every classroom experience deeply rewarding.

I am proud to be a part of the Genesis family and grateful for the opportunity to contribute to a school that truly believes in holistic education. As I look ahead, I am excited to continue inspiring young minds and creating learning experiences that leave a lasting impact.

– Ms. Pritipadma

Sahasra – Grade VI

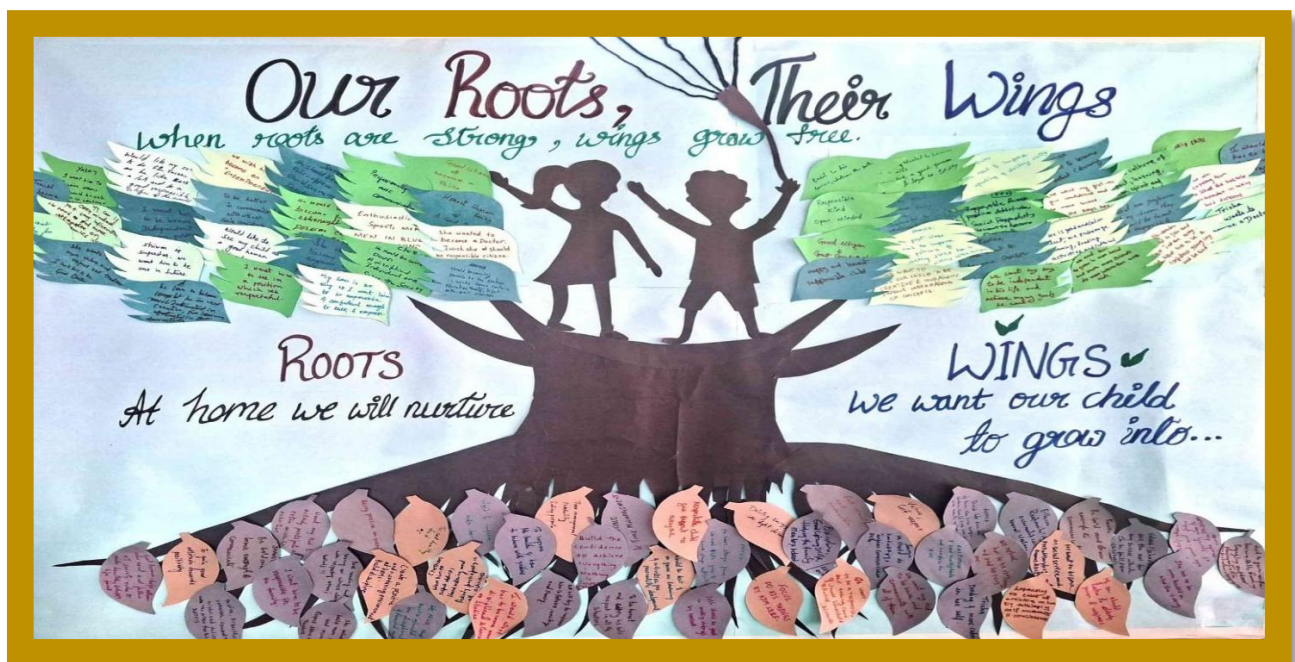

Rahithya – Grade II

Please note: In this segment, we invite parents to share their thoughts too. You can share your write-up, creative work through email to principal.genesisworldschool@gmail.com

Pause Before We Part

A Gentle Pause...

July promises to be another exciting month of exploration, creativity, and joyful learning. We look forward to welcoming our parent community to new initiatives, celebrating our young learners' achievements, and continuing to build meaningful experiences that inspire curiosity every day.

Created by Parents of Genesis World School on 25th April, 2026

*Not every day needs to be big to be meaningful.
Sometimes, the smallest moments create the strongest roots.*
